Ferguson Favored by Whisker

By STEWART ALSOP
DETROIT, Mich.—The concern here in Michigan is that the incumbent, Sen. Homer Ferguson, will win—but by a whisker.

This reporter polled the editors of the Michigan papers which take this column—wise and far-sighted men, almost by definition—and with very few exceptions they said about the same thing. At the moment, Democratic Gov. G. Mennen Williams looks like winning by a fairly comfortable margin. But there should be enough ticket-splitting for the Republican Ferguson to squeeze by.

The whole picture could change before election day, of course, as most of the polled editors warned. But what is interesting about the above consensus is how much the picture has changed already.

Early this summer, the popular Blair Moody, backed for the Democratic senatorial nomination by both the CIO and Gov. Williams, died. Patrick McNamara, backed by the AFL, became the Democratic senatorial candidate by default. At the time, it was being said both here and in Washington that Ferguson was a cinch to beat McNamara, the accidental candidate.

Good Campaigner
After all, Ferguson seemed to have—as he still seems to have—every conceivable advantage. He is an able man, a good campaigner, with a solid conservative record, plenty of funds, and the support of just about every newspaper in the state. As a former Taft man, he has few enemies among the Taft Republicans. At the same time, he has endeared himself to the Eisenhower Republicans by successfully performing the difficult transition from opposition to administration leader.

Ferguson is running in a state so Republican-minded that it has sent only two Democrats to the Senate since the turn of the century. Finally, he has not only the natural advantages of an incumbent. He also has the immense advantage of being one of the leading movers and shakers of the nation, a man who goes to the White House every week to advise the President on matters of national policy.

All in all, despite Secretary Wilson's famous foot-in-mouth remark, which certainly has not helped, Ferguson should be coasting confidently home. Yet, to judge from the super-human efforts he is putting into this campaign, Homer Ferguson is running downright terrified. Why lie with Mr. McNamara before he got the nomination, McNamara was wholly unknown outside Detroit. In

Radio City Bomb Threat Proves Dud

NEW YORK (AP)—An anonymous telephone threat that a bomb would be exploded in Rockefeller Center today caused a three-hour search—but no bomb was found.

City police and Center security officers searched Radio City Music Hall and the RCA, Associated Press and ESO buildings.

The warning was received at The Associated Press switchboard in the AP Building, and police were immediately notified. The caller said a bomb was "to go off at 9:30 in Radio City."

\$750,000 Mill City Fire Sweeps 10 Business Places

MINNEAPOLIS (AP)—Fire wrecked 10 business places in the three-story Hale building and caused smoke damage to many shops in the adjoining Loeb Arcade early today.

Damage was estimated by fire investigators "in excess of \$750,000." Several firemen were overcome by smoke. Five more were rescued from

the Hale building roof by an extension ladder before the roof collapsed.

Several other fire fighters escaped from the building a moment before a stairway leading to the Foreman & Clark Clothing store, on the second floor, collapsed.

The fire broke out in the basement of Vic's Restaurant

& Cocktail Lounge where damage was estimated at \$100,000. "Big Jay" McNeeley, well known orchestra leader appearing at Vic's estimated his equipment loss at \$8,000 including orchestra instruments and 30 suits.

Loss to Foreman & Clark Co. was estimated at \$150,000 by W. Ray Foreman, firm president.

Bandleader Bob Crosby puts his arms around his three sons today after they were returned to their Hollywood home by a posse. The youngsters, missing since Sunday, camped out overnight in the hills above their home without telling their parents of their plans. At dawn today they were discovered by Timmy Wellman, 15-year-old son of director William Wellman. (UP Telephoto)

Bob Crosby Children Scare Parents With Overnight Camp Trip

HOLLYWOOD (AP)—A neighbor boy on horseback today found bandleader Bob Crosby's three young sons, whose disappearance before supper Sunday touched off an all-night search by 90 policemen in rugged hills near their home.

Thirteen-year-old Tim Wellman, son of movie director William Wellman, spotted Christopher, 12, George Robert Jr., 10, and

Stephen, 9, in precipitous Barrington Canyon, where he frequently had trapped bobcats and coyotes. The Crosby youngsters, who vanished from home without a word about 5 p.m., were laden with camping gear. They were unharmed.

Christopher said he and his brothers, all nephews of crooner Bing Crosby, left home because "we don't like our nurse."

The children's nurse is Miss Teresa Flynn.

3 Miles From Home
The boys admitted they saw police searching for them during the night. They were found three miles from their home.

Film director Wellman, who spent much of the night with Crosby looking for the boys in the wooded and brush-covered hills, routed out Tim about 3 a.m. The elder Wellman said his son knew the terrain well and would prove a valuable aid in the search.

Tim was accompanied by his three dogs.

Officers searched through the night as Mrs. Crosby and her daughter, Cathleen, 15, waited anxiously by the telephone at home. The youngest child, Junie Malia, 3, went to bed at her usual time.

Miss Sunday Supper
When the boys didn't show up for a roast beef dinner Sunday night, the rest of the family telephoned neighbors and searched the house and grounds. No boys. The youngsters' bicycles were in the garage.

But a bedroll was missing. This eased Mrs. Crosby's mind, she said. She also recalled that the last time she saw the boys they all had on heavy hiking boots and jackets.

Willmar Man's Body
Recovered From Lake

WILLMAR, Minn. (AP)—The body of Walter Peterson, 59, Willmar bachelor, was recovered Saturday from Florida Lake, some nine miles north of here.

Authorities said Peterson drowned Oct. 13 while hunting ducks.

Seven Weekend Traffic Deaths Push Toll to 512

By THE ASSOCIATED PRESS

Swollen by seven weekend fatalities, the 1954 Minnesota traffic toll today had reached 512—or just 15 fewer than died on the state's highways during the same period last year.

Two other Minnesotans died in a Canadian collision that also claimed the life of a North Dakota man.

Two sisters died in a Hastings hospital Sunday after the car in which they were riding collided with another four miles south of Hastings. The victims were Monica Saul, 50, and Marie Saul, 57, both of Red Wing.

Killed in a collision of two cars 16 miles south of Regina, Sask., Saturday night were James V. Halligan, 37, St. Paul, a lumber salesman; E. J. Daleiden, Rochester, Minn., owner of a lumber yard; and Harry P. Steenstrup, Minot, N.D., jeweler.

Canadian Crash
One car carried Daleiden, Halligan and Harvey W. Falkers of Golden Valley, Minn., all lumber men who were returning from a 10-day hunting trip in Canada. In the second car were Steenstrup, Doug Euston and C. H. Saunders, all of Minot. They had been touring in Canada.

Royal Canadian Mounted Police said "It was a wonder anyone got out alive."

Huston and Saunders were seriously injured. A Regina hospital Sunday night described Huston's condition as critical and Saunders as fair. Falkers, driver of the Minnesota car, suffered minor injuries and was released from the hospital Sunday night.

In a phone call to his wife Sunday, Falkers gave this account of the accident:

The car he was driving was coming out of a curve on Highway 16 when the other car approached, apparently out of control. The North Dakotans' vehicle swerved into the path of the Minnesota car and sheared off the right side of it. Falkers then escaped the main impact of the collision.

Members of the Halligan family said in St. Paul that the Minnesotans were following another car which was in the same party. The first car reached the port of entry at Portal, N.D., where Canadian authorities told them of the accident.

St. Cloud Man Killed
Alvin M. Bargabus, St. Cloud, was killed Sunday night when the pickup truck in which he was riding overturned four miles north of Motley.

Clybourne Sherman Hendy, 25, Cook, died in a Roseau hospital Saturday night three hours after his car missed a curve seven miles west of that northern Minnesota community and overturned.

Otto Maske, 52, South St. Paul, (Continued on Page 14, Column 1.)

TRAFFIC DEATHS

An Early Morning fire consumed a Minneapolis Loop landmark today and hospitalized four firemen. Damage was estimated at over \$750,000. The four-alarm blaze burned through-

out the night as firefighters attempted to save nearby buildings. (UP Telephoto)

German Trade Pacts Proposed

Dulles Returns From Diplomatic Victory Today

WASHINGTON (AP)—Secretary of State Dulles returned today to a rare airport tribute from President Eisenhower for "more than just a diplomatic victory."

The tall, bespectacled diplomat came back from the Paris conference, which agreed to make West Germany a full partner in the anti-Communist alliance.

Greeting him in person at plane-side was the President, a welcoming gesture Eisenhower has extended to no government official since he took office.

Dulles arranged to report to the President and then to the full Cabinet at a specially called White House meeting tonight.

Then he was expected to tackle immediately plans for conferring with German Chancellor Adenauer, due here in midweek; arrangements for replying to Russia's latest bid for a four-power meeting; and probably several Far Eastern issues.

Dulles left Paris Saturday night at the conclusion of four hectic days of conferences and stopped in Bermuda for a day of work and rest. Before leaving Paris he sent Eisenhower a preliminary report which the President read while visiting Gettysburg, Pa., Saturday.

Dulles said the arrangements on the future of Germany and Western Europe had been "signed, sealed and delivered," and added: "I know you will rejoice with me that the unity and freedom of Europe, to which you contributed so indispensably, seems likely now to be preserved."

Russians See Threat of War

MOSCOW (AP)—Pravda declared today the world now is confronted with two choices—a Big Four conference leading to the reunification of Germany or remilitarization of West Germany, carrying the threat of war.

The Soviet Communist party organ said such a choice was brought about by the signing of the Paris agreements Saturday. The almost simultaneous dispatch of a Soviet note, suggested a Big Four foreign ministers parley.

Campaign Goes Into Final Week

By THE ASSOCIATED PRESS
The campaign for control of the 84th Congress today rolled into its final week with both parties planning an 11th-hour speedup of efforts to lure voters still straddling the political fence.

The Republican National Committee announced yesterday that it will make more than 250 speeches in 36 states during the closing days of the campaign.

GOP efforts will be climaxed on election eve by a "get-out-the-vote" appeal by President Eisenhower.

National economic conditions, a prime issue in the campaign, will be reviewed tonight by Eisenhower in a nationally televised "non-partisan" talk from Washington.

Vice President Nixon, the most active of the top GOP campaigners, will speak today in Nevada, Arizona and Idaho.

The "big names" among the Democrats who will contribute to the campaign finale include Adlai Stevenson, the party's 1952 presidential candidate, and Democratic leaders of the House and Senate.

Nixon yesterday told newsmen in Salt Lake City that he believes the GOP campaign is now "in exactly the right position."

He said the campaign "has been gaining in intensity and interest and if this keeps up the Republicans will win the Senate and keep the House" in the Nov. 2 balloting.

Senate Democratic Leader Lyndon Johnson of Texas said yesterday in Minneapolis that a 10-state swing has convinced him his party will wrest control of Congress from the GOP.

Nixon said Saturday the Communist party is fighting desperately for an anti-Eisenhower Congress. He said this was partly because the Democratic party has "tolerated" the Red conspiracy and many of its candidates belong to a "left-wing clique."

In Salt Lake City, Nixon yesterday commented on a recent Stevenson statement that the vice president is directing a GOP campaign that can be described as "McCarthyism in a white collar."

In Tampa, Fla., the GOP candidate for governor died yesterday after an illness of several months. He was J. Tom Watson, 68, a former Democrat.

Argentine Launch
Capsizes, 13 Die

BUENOS AIRES, Argentina (AP)—A river launch capsized and sank near the big river port of Rosario yesterday and the latest official report said 13 passengers perished. The launch operator said the passengers, on the regular run from Rosario to Victoria across the Parana River, all congregated at one rail.

Mendes-France Seeks Closer Associations

PARIS (AP)—A determined French Premier Pierre Mendes-France pushed his program for far-reaching economic accords with West Germany today, moving quickly to follow up the Paris agreements for adding German strength to Western defense.

In a fireside radio chat last night, the Premier told his countrymen: "France and Germany are two countries whose nearness to one another and whose resources and production require their close association together."

His talk came a day after the foreign ministers of 15 Western nations signed protocols to three treaties designed to make West Germany a free and equal partner in the Western alliance against the threat of Red aggression. The Paris agreements must be ratified by the national parliaments of the countries concerned, Western diplomats hoped this could be accomplished by mid-1955, but they looked for some rough going with the Soviet Union in the months ahead.

Russia moved within a few hours after the agreements were reached Saturday, calling for a Big Four conference in November on a German peace settlement.

Mendes-France told his radio audience the signing of an agreement Saturday with West German Chancellor Konrad Adenauer on the future of the rich Saar Valley removed that obstacle to French-German cooperation.

Reminding the French that West Germany is their best customer and "second most important provider of goods," the Premier said the two countries need each other.

"Because of this," he said, "we are determined to conclude accords of long duration such as will assure permanent markets for French wheat, sugar, milk products, etc."

"It is also useful to encourage associations between French and German business and financial interests with the aim of making the best of our respective resources, increasing production, and making research to find markets elsewhere in the world."

The Premier said the agreement to Europeanize the Saar within the French economy "satisfied rights and interests of France in a way we had called for in vain for a very long time."

He said the Saar agreement was "not achieved without pain," but discounted fears held in some French quarters that close economic cooperation would give German efficiency supremacy. It was not just a case of dividing present limited markets, he said, but to "enlarge our fields of activity and our markets."

In addition to Soviet roadblocks in the way of Allied plans for West Germany, Western diplomats also expect Mendes-France to run into stiff opposition in getting some features of the agreements through the French National Assembly.

A Three-Alarm Fire destroyed a Milwaukee warehouse in a \$600,000 blaze Sunday. The warehouse stored 600,000 cases of empty beer bottles and was owned by the Blatz brewery. (UP Telephoto)

Winona Deaths

Mrs. Maria Gibbons
Mrs. Maria Gibbons, 61, died Sunday at 1:45 a.m. at her home, 80 W. Wabasha St., after a month's illness. She was a member of the Cathedral of the Sacred Heart parish. Mrs. Gibbons was born July 20, 1883, in the Town of Arcadia, Trempealeau County, Wis. Survivors are three sons, Frank, Winona; Edward, Gary, Ind.; and Elmer, Canton, Ill.; four daughters, Mrs. Rose Nagle and Katherine, Paso Robles, Calif.; Mrs. Frank (Marie) Kinsman, Eau Claire, Wis.; and Margaret at home; 12 grandchildren and 26 great-grandchildren. Her husband, John, died in 1925 and one grandson, Lt. John Kinsman, in 1945.
Funeral services will be Tuesday at 9 a.m. at the Cathedral of the Sacred Heart. Preliminary services will be at the Kelly Funeral Home at 8:30 a.m. and burial will be in St. Mary's Cemetery. Friends may call at the funeral home Monday afternoon and evening. The Rosary will be said at 8 p.m. Monday.

Frank Bronk
Frank Bronk, 74, Jamestown, N.D., a former resident of Winona, died Sunday morning at his home. He was born in Pine Creek, Wis., and attended school in Winona. Mr. Bronk left Winona 47 years ago to farm near Jamestown. He retired about six years ago, and since that time had made his home in Jamestown. He married Mary Stampka in 1908.
Survivors include his wife; two sons, John and Francis, Jamestown; two daughters, Mrs. Frank Sova and Mrs. Frank Balster, near Jamestown; four grandchildren, Jamestown; two brothers, Leon and Valentine, Winona; and two sisters, Miss Cella Bronk and Mrs. Katherine Hamerski, Winona, Minn. Miss Cella Bronk, Leon Bronk and Mrs. Hamerski left for Jamestown to attend the funeral.
Funeral services will be Tuesday morning at St. James Catholic Church, Jamestown. Burial will be at Jamestown.

Maurice Welch
Funeral services for Maurice Welch, 24 E. 4th St., were conducted at 9 a.m. today at the Cathedral of the Sacred Heart, the Rt. Rev. Joseph Hale officiating. Preliminary services were at the Kelly Funeral Home at 8:30 a.m. Burial was in St. Mary's Cemetery. Pallbearers were Earl Harris, Vince Zientek, William Zenk, Earl Reese, Arvin Pittelko and Clinton Dabelstein.

Sandra Sue Williams
Funeral services for Sandra Sue Williams, daughter of Mr. and Mrs. Howard F. Williams, 50 W. Sarnia St., were conducted at 2 p.m. today at Central Methodist Church, Dr. Truman W. Potter officiating. Burial was in Woodlawn Cemetery. Pallbearers were D. B. Robinson, R. W. Miller, A. B. Wohlhafer, Dr. M. R. Raymond, R. H. Hervey and J. M. Henry.

Herman A. Jessie
Herman A. Jessie, 93, former Winona and Melrose, Wis., resident, died suddenly at 5 a.m. Sunday at the Jo-Ann Rest Home, Wabasha, Minn. He was born Aug. 4, 1885, in Germany, and came to this country as a boy.
Survivors are three daughters, Miss Esther Jessie and Mrs. Paul (Freda) Schneider, Winona, and Mrs. Paul (Ella) Schoesser, Hixton, Wis.; three sons, Fred F. Milwaukee; Charles R., Black River Falls, Wis.; and J. R. Jessie, Winona; two sisters, Mrs. Olga Schmalz, Melrose, Wis., and Mrs. Winnie Hartung, Minneapolis; 11 grandchildren and 13 great-grandchildren.
Funeral services will be Tuesday at 2 p.m. at the Lutheran Church, Melrose, the Rev. Martin A. Zimmerman officiating. Burial will be in the Melrose Cemetery. Friends may call at the Breitlow Funeral Home here from 7 to 9 p.m. today.

WINONA CITY AND COUNTY FREE T.B. X-RAYS

FLIGHT 'B' MEETING
A lecture by Maj. W. W. Webb and training films are scheduled for tonight's meeting of Flight "B." 9657th Air Reserve Squadron at the American Legion Club at 7:30. Any Air Force veteran, whether a member of the Reserve or not, may attend.

Two-State Deaths

Mrs. Charles Lehmann
HORA, Minn.—Funeral services for Mrs. Charles Lehmann, 78, who died at her Mound Prairie home Friday, were held this afternoon at the Bush Valley Baptist Church.
She is survived by four daughters, Mrs. Goodwin (Martha) Johnson, Mrs. Carl (Josephine) Franke, Mrs. Leon (Helen) Beechler and Mrs. Al (Grace) Gengler; three sons, Robert, Edward and Harold; 15 grandchildren and two great-grandchildren, and one brother, Henry Olson, Yankton, S. D. Her husband and one son are dead.

John W. Heike
MONDOVI, Wis. (Special)—Funeral services will be held Tuesday at 1:30 p.m. at the Cobhy-Hemer Funeral Home and at 2 p.m. at Mondovi Trinity Lutheran Church, the Rev. A. G. Hemer officiating, for John W. Heike, 92, a retired Mondovi area farmer, who died Saturday at the Lutheran Home here.

Born Aug. 17, 1862, in Germany, he came to Canada in 1870 with his parents and moved to Wisconsin in 1873. In 1884, he married Louise Krone, Town of Canton, and he farmed in Buffalo County until his retirement in 1912.
Survivors include: His wife; one son, William, Nelson; three daughters, Mrs. Alfred Sather, Eau Claire; Mrs. Theodore Schultz, Gilmanston, and Mrs. Albert Steinknecht, Mondovi; one sister, Pauline Schlicht, La Crosse; 18 grandchildren; 43 great-grandchildren, and one great-great-grandchild.
Friends may call at the funeral home tonight and Tuesday until time of services. Burial will be in Riverside Cemetery.

Mrs. Fred Small
ST. CHARLES, Minn. (Special)—Mrs. Fred Small died suddenly at her home here Saturday, her 75th birthday.
She was born Oct. 23, 1879, at Lewiston, the daughter of Mr. and Mrs. John Daily. She was married to Fred Small Oct. 8, 1906, at Lewiston. They farmed near St. Charles until eight years ago when they moved to town.
Mrs. Small was a member of the Rosary Society of the St. Charles Catholic Church.
Survivors are: Her husband; a daughter, Mrs. John Harguth, St. Charles; and eight grandchildren. A son, Raymond, died three years ago.

Funeral services will be held at 9 a.m. Tuesday at the St. Charles Catholic Church, the Rev. H. L. McNellan officiating. Burial will be in Calvary Cemetery. Rosary services will be held at the Seller Funeral Home at 8 p.m. today. Friends may call at the mortuary until time of services.
Pallbearers will be John Solheid, Fay McCarthy, John Relland, Adrian Viruig and Francis Kramer, St. Charles and Ed Forestal, Lewiston.

William Fitzpatrick
CALEDONIA, Minn. (Special)—Funeral services will be held Tuesday at 8:30 a.m. at the home and at 9 a.m. at St. Patrick's Church, Brownsville, the Rev. William Rush officiating, for William Fitzpatrick, 64, a lifelong resident of the Brownsville area who died Saturday at 9:30 p.m. at his home.
He was born Feb. 14, 1870, in

Farm Woman Commits Suicide

DURAND, Wis. (Special)—Mrs. Ivan (Glady) Stuart, 37, was found hanging from a rafter in the barn at her home five miles south of here at 6:30 a.m. Sunday. Pepin County authorities have ruled it a suicide.
Her husband discovered the body while doing morning chores. Dr. R. J. Ely, Durand, county coroner, estimated that Mrs. Stuart died about 5:30 a.m. She left a note asking her parents, Mr. and Mrs. William LaPeau, Arkansas, to care for her four children. She was in good health and there is no apparent explanation for the incident.
Mrs. Stuart was born at Arkansas in January 1917 and was educated in that community. She was married July 22, 1938.
Survivors are: Her husband; two daughters, Roberta 15, and Sandra, 11; two sons, David, 8, and Milton, 2; her parents; two sisters, Mrs. Lyle Richardson, Nelson, and Mrs. Phillip Bauer, Colorado Springs, Colo.; and three brothers, Thomas, Durand; Alfred, Arkansas, and William, Ashland, Wis.

Funeral services will be held Wednesday or Thursday afternoon at the Arkansas Methodist Church, the Rev. Ernest Jeffrey officiating. Burial will be in Waubeek Cemetery.

Travelogue Scheduled At EUB Church Tuesday

The Rev. O. S. Monson, Rochester, will show movies and lecture on a recent trip to Europe and the Holy Land at the Evangelical United Brethren Church here at 7:30 p.m. Tuesday.
The public is invited. Refreshments will be served by women of the church.

Brownsville Township and married Hannah Hurley June 3, 1906. They farmed in the area until Fitzpatrick's death.
Survivors include: His wife; two daughters, Margaret, at home, and Mrs. Charles Schroeder, Eau Claire, Wis.; one son, Raymond, at home, and two grandchildren.
The Rosary will be said today at 8 p.m. at the home.
Burial will be in the church cemetery.

ALSOPS (Continued From Page 1)

Detroit, he was principally known for having reportedly described his fellow members of Detroit's Common Council as "a bunch of jerks." Even today, McNamara remains a faceless candidate to the great majority of Michigan voters.

In private, McNamara, a tall white-headed man, is a most likeable fellow, brimming over with good-natured Irish humor. (A hapless waitress dumped a plate of eggs in his lap, and he instantly asked, "Now I know she's a Republican, but how did she know I was a Democrat?") But as a campaigner, McNamara freezes into a halting solemnity on the platform, and he goes through the required gladhanding routine with an embarrassing embarrassment. McNamara is, in fact, the only politician this reporter has met who frankly admits that he hates campaigning.

It is no secret, moreover, that both Gov. Williams and the CIO had to swallow hard to take McNamara as a candidate. McNamara himself says now that Williams and the CIO are going all-out for him. But then, then, has Homer Ferguson got to worry about?

The answer lies in a parcel of

statistics. Everywhere you go in this state you hear variations on the same statistical themes. Close to 300,000 unemployed in the state, nearly 200,000 in the Detroit metropolitan area alone. Milk prices down 30 per cent or more. Small business bankruptcies abnormally high. And so on.

This economic picture is curiously spotted. At least two of the editors polled by this reporter said that things had never been better in their areas. Moreover, here in Detroit, things are due to look up soon, when the change-over to new models in the auto factories is complete—as for the Republicans, after Nov. 2.

The political picture is spotty. One shrewd editor remarked that the Democrats were indulging in wishful thinking—that the Michigan political pattern, twisted out of shape in 1952, is simply returning to normal. Yet there is no doubt that the Republicans are scared, and that they are scared, not by the general Mr. McNamara, but by such statistical facts as those cited above.

Moreover, as the campaign reaches its climax it becomes increasingly obvious that the Republicans have not even yet decided how to deal with this problem. They waver between the claim that the economic troubles are a mirage conjured up by the Democrats, and the conflicting and

oddly Marxist claim that the country prospers only during Democratic-inspired wars.

As far as one can judge, the independent voters—who will, always, decide the election—are not for the most part really resentful about the current, relatively mild economic downturn. But they are apprehensive about

the future. They want to be told in really convincing terms that the Eisenhower administration, come what may, is absolutely determined to prevent any repetition of the thirties. So far, the administration has failed to convince the voters that this determination exists. It may prove a costly failure.

Some Activities Under Way at Athletic Club

Bowling Suspended At Least a Week Because of Water

Major activities at the Winona Athletic Club remained virtually suspended today while restoration of the fire-swept two-story brick building awaited an inspection survey by a team of fire insurance adjusters.

William Bell, manager of the club at East 5th street and Mankato avenue, said today that while hopes are held that reconstruction of areas damaged in the \$50,000 blaze early Saturday may be started soon, no work is scheduled until a complete appraisal of the fire loss has been made.

Explaining that insurance was carried on the building and contents, Bell said that insurance representatives would be making their inspection during the next few days.

Part in Operation
This is the way the situation appeared today. Almost normal operations are being carried on in the club bar and lounge at the rest end of the building.

Damaged by smoke and heat and its electrical wiring system partially disrupted, the bar was re-opened Saturday afternoon after debris left in the wake of the city's worst 1954 fire had been cleared away.

Bell said that because of smoke damage all glasses and the entire stock of bottled goods behind the bar were discarded and emergency installations were provided so that the bar could be used during the weekend.

Access to the building is gained through a door at the southwest corner leading into the bar and all other areas are closed off as a safety precaution.

Bowling Suspended
League bowling at the club will be suspended for at least a week while reconditioning of the six alleys damaged by water is in progress.

Earlier it had been thought that perhaps five of the alleys might be used tonight but inspection during the weekend revealed swelling in some of the wood in the alleys and a representative of the Brunswick-Balke-Collender Co., Minneapolis, bowling equipment suppliers, has been called to Winona to survey the installation.

Bell said that special efforts will be made to reopen the alleys as soon as possible and expressed hope that necessary work might be completed by next Monday so that league bowling could be resumed at that time.

The club manager said that he believed that the gutters separating the alleys would be removed so that drying of the lanes could be hastened and then sanding of the alleys would be started.

Large fans were installed in the bowling area during the weekend to facilitate drying.

Records Saved
The other favorable aspect of the fire picture today was the fact that none of the club records stored in the manager's office, on the first floor of the structure were damaged.

The office itself, however—located near the central portion of the building where the fire apparently started—was badly scorched and furnishings are described as an almost complete loss.

The heating system in the building was scarcely damaged and heat has been supplied to areas where activities have been in progress since the fire.

Extensive electrical repairs will be required, however.

Emergency Meeting
Immediately after the fire Saturday morning Henry Muras, president of the Athletic Club, called an emergency meeting of the club's board of directors Saturday night.

The board inspected the fire damage and discussed steps to be taken in the renovation of the building.

It was apparent immediately that the entire interior of the building must be redecorated because of smoke and heat damage even in those areas that were not actually damaged by the fire.

There is a huge hole in the floor of the second story auditorium and ballroom area of the structure that must be repaired.

This is directly over the coat room in which the fire is believed to have originated.

The coat room and the adjacent billiard room and lounge were the most seriously burned out areas of the building.

Clock at 2:35 a.m.
The fire was discovered at about 4:13 a.m. Saturday by a passerby who noticed a small flame on a window casing on the first floor at the east side of the building.

After the fire had been brought under control it was noticed that a clock on the north wall of the bar, near the area where the fire apparently originated, had stopped at 2:35.

The possibility has been considered that the smoldering fire burned through the electrical wiring of the clock more than an hour and one-half before the blaze was discovered.

A clock on the wall of the second floor kitchen—where heat damage

William Bell, Athletic Club manager, inspects water damage to the club's six bowling alleys. At first it was hoped that bowling could be resumed today, but now it has been suspended for at least a week. (Daily News photo)

South of Lamoille

Woman Injured as 3 Cars Collide at Highway Job

LAMOILLE, Minn.—Mrs. Gerald Gronewald, 24, Lewisville, Minn., was injured this morning when the car in which she was riding crashed into the rear of another automobile on Highway 61, a mile south of here.

Mrs. Gronewald, who suffered knee and chin lacerations and bruises, was taken in an ambulance to the Winona General Hospital after the accident at 11:45 a.m. She was to be released from the hospital after receiving treatment for her injuries.

The accident occurred while cars driven by Mrs. Gronewald's husband and Joe Huhn, Peru, Ill., were traveling north on Highway 61.

Huhn said that he suddenly noticed a road construction worker flagging traffic to a stop immediately in front of him where a driveway was being surfaced.

Huhn said that he stopped suddenly in an effort to avoid a collision with the car ahead of him and the Gronewald car ran into the rear of his automobile.

The Huhn car struck the rear of a third automobile, driven by M. L. Boerst, 1022 Gilmore Ave., Winona, but the latter was not damaged.

Gronewald is stationed at Lockbourne Air Force Base near Columbus, Ohio. The Gronewalds were married Saturday.

Conrad Planning Flight to Paris; Meeting Called

Before the end of the week, Winona's Max Conrad plans to add two non-stop flights of more than 2,500 miles each to his long list of flying accomplishments.

Conrad called The Daily News this morning after arriving here from Lockhaven, Pa., in a twin-engine Piper Apache.

He said he plans to work on the plane this afternoon and tonight and has called a special meeting of all youngsters participating in the Winona Experiment at the Winona Municipal Airport from 7 to 9 o'clock.

At that time, he'll ask the youngsters and interested adults to assist him in completing installation of two extra gas tanks.

Later tonight, Conrad said, he'll fly to San Francisco in the completion of the "shakedown" cruise.

After further checking and preparation, Conrad will fill two of the tanks for the San Francisco to New York non-stop flight. He said he feels the flight is about the same as the New York to Paris hop and that two tanks should suffice.

Conrad said he will return the plane to Lockhaven for a 2-day checkup at the factory before taking off from New York en route to Paris non-stop at daybreak Saturday.

He has made two round-trip trans-Atlantic flights.

Express, Freight Collide Head-on, 1 Killed, 50 Hurt

PORT HENRY, N. Y. (AP)—The Delaware and Hudson Railroad's Montreal-to-New York City LaSalle Express collided head-on with a barreling 133-car freight train near this Lake Champlain shore village Sunday, killing a trainman and injuring about 50 persons.

D & H officials said the trains were supposed to pass at a siding in Port Henry, a mile north of the wreck, and the railroad pressed an investigation today to determine why they had not.

None of the LaSalle's 125 passengers were hurt seriously, but some suffered minor cuts and bruises. Six crewmen were hospitalized at nearby Ticonderoga.

Killed was Charles Basew, 57, Whitehall, head trainman on the freight.

Eagles Planning Cancer Benefits

Plans for the fifth annual Damon Runyon benefits were announced today by Wally West, president of the Fraternal Order of Eagles, Zumbro Aerie, Rochester, Minn.

There will be two benefit dances Oct. 28, sponsored by the Rochester lodge, and a cancer television telethon Oct. 30, sponsored by the Eagles of southern Minnesota.

The dance will be held at the Pla-Mor Ballroom, Rochester, with Art Fitch and His Polka Dots playing, and at the Valencia, Rochester, with Jules Herman's orchestra playing.

Talent has been signed from Winona, Austin, Albert Lea, Owatonna, Faribault, Rochester and other area communities for the telethon. It will be the first telethon ever undertaken by the Eagles for the cancer fund.

This is the fifth year that Eagles lodges of the United States have sponsored the Damon Runyon cancer fund drive in memory of the famed newspaper man who died of the disease. In the last two years Minnesota Eagles have contributed \$28,000 to the University of Minnesota for cancer research.

Marilyn Maxwell to Wed Screen Writer

HOLLYWOOD (AP)—Blonde Marilyn Maxwell, singer and actress, married yesterday that she will marry screen writer Jerry Davis Nov. 21. She said they met two years ago on a blind date.

It will be Miss Maxwell's third marriage and Davis' second.

Supreme Court Again Rejects Chessman Plea

WASHINGTON (AP)—The Supreme Court today again denied a hearing to Caryl Chessman, Los Angeles sex terrorist who was sentenced six years ago to die in California's gas chamber.

During his long wait in the San Quentin Prison's death house Chessman stalled off his execution by a series of legal moves and wrote a widely-read book, "Cell 245, Death Row."

He won his fourth reprieve from death last July 29, less than 24 hours before he was scheduled to enter the gas chamber. This latest reprieve was to give the Supreme Court time to consider a new appeal on which it acted today.

Six times before the Supreme Court has rejected Chessman's appeals.

The tribunal said its denial today was without prejudice to Chessman's filing an application for a writ of habeas corpus in a U.S. District Court in California. Chief Justice Warren took no part in today's action.

The court also declined to hear arguments in four new attacks by retailers on "fair trade" laws.

The laws give manufacturers the right to set minimum retail prices for their products. They are in effect in all states except Texas, Vermont and Missouri, and the District of Columbia.

Validity of the federal McGuire Act also was questioned in three of the attacks. This act provides that a "fair trade" agreement signed by a manufacturer and one or more retailers in a state is binding on all other retailers in that state, including retailers who do not sign such agreements.

Congress passed the McGuire Act in 1952 after the Supreme Court ruled in 1951 that an amendment to the Sherman Anti-Trust law known as the Miller-Tydings Amendment did not compel nonsigner retailers to sell at higher "fair trade" prices.

The Supreme Court in refusing to hear the three appeals said no substantial federal question was involved.

In another action, the court refused to review a decision that the President lacks broad powers to take federal jobs out of civil service and make the holders subject to summary dismissal.

The review was asked by Attorney General Brownell in an appeal from a decision by the U.S. Court of Appeals here ordering the reinstatement of Leo A. Roth, a Justice Department attorney who had been fired from a \$10,800-a-year job on July 31, 1953.

Kohler Charge Shunned Full Facts: Proxmire

MADISON (AP)—William Proxmire, Democratic candidate for governor, said today that Gov. Kohler "deliberately neglected to give the full facts" when the chief executive accused Proxmire of "trying to put over a scandalous hoax."

Proxmire appeared on a 28-station radio broadcast to answer Kohler who had made the charges on the same network last Thursday.

With the Democratic candidate was Oscar Holte, Stoughton farmer, whose income is the center of a controversy between the chief executive and Proxmire.

Kohler was invited by Proxmire to appear on the broadcast today but did not do so.

Holte, discussing the case on the network with Proxmire, declared the Democratic candidate was "a 100 per cent honest man" and he would vote for him. He also assailed the Republican administration, contending it had broken promises to the dairy farmer.

Kohler accused Proxmire of comparing 10 per cent of Holte's milk production in November 1952, with 60 per cent production in May 1954, in an attempt to show that milk prices had dropped almost 50 per cent. He cited a letter by Holte to support his contention.

In his talk today, Proxmire stated that Kohler himself had "deliberately neglected to give the full facts and had compared checks for 20,540 pounds of milk in November 1952 and checks for 24,000 pounds in May 1954, without letting his audience know that the May figures included almost 14,000 pounds of more milk."

Balloonist Makes Forced Landing

WOODBURY, N. J. (AP)—An aerial balloon piloted by Donald L. Piccard, 28, son of famed balloonist and stratosphere explorer Dr. Jean Piccard, made a forced landing near here yesterday after its bag was torn in flight.

Piccard and his four companions were shaken, but none were injured seriously when the balloon, after a hasty descent, jostled along the ground before it could be brought under control.

Beer Puts Out Fire, Thieves Take \$4,000

ST. PAUL (AP)—Burglars who used a bottle of beer to extinguish fire started by their cutting torch, stole \$4,000 in cash and checks from the safe at Johnson's Super Market, 395 Rice St. Sunday. The acetylene equipment was stolen from a St. Paul auto service station.

The Hiawatha Advertising Club received its charter from the Advertising Federation of America at a dinner at the Oaks Saturday evening. Left to right, C. D. Lake, Minneapolis; John Lamb, Minneapolis, who represented the 4-state district

governor in presentation of the charter; F. J. Marin, Winona, Hiawatha president, and Bill Erln, Rochester, club treasurer. Seated are Mrs. Lamb, Mrs. Marin and Mrs. Lake. About 40 attended. (Daily News photo)

Whitehall Corps To Get Quarters On Top City Hall

WHITEHALL, Wis. (Special)—The City Council Friday evening voted to convert the bell tower on the City Hall into a watchtower for the Ground Observer Corps which is being organized under the supervision of Mrs. L. D. Anderson.

Kell Blank, of the Iversen-Larson Lumber Yard, who estimated the cost at \$322 for material and about \$200 for labor, was authorized to work with City Clerk H. J. Elstad in removing the curfew bell and hiring carpenters. The large windows which will be built into each side will be complete with storm windows and screens and will cost \$240, Blank said.

The Council voted to vacate an alley in the Sunset Addition on the petition of the owners of the land adjoining it.

Applications for residential building permits, submitted by Burr Tarrant and Robert Baughman, were approved. Both houses will be in the Sunset Addition. Baughman's residence will be approximately 36 by 48 feet.

The application of Dr. S. A. Maltby to erect a 20-by-48-foot office building on Scranton street, west of the Nu-Look Cleaners, was approved. Henry Fransen, Roosevelt street, was granted a permit to erect a private garage.

The petition of Rudolph Hagen, Lee Johnson, Norman Gabriel, Wayne Luke, Donald Ketter, R. A. Lamberson, Dean Van Gordon and Edwin Iversen asking the Council to amend the building code to prevent anything but new construction on Dewey and First streets was referred to City Attorney Floren Hegge. He will draft an amendment to be presented at the next meeting.

Plans for Church
The Rev. Lloyd Graetz of the Gospel Tabernacle and Clinton Dissonore appeared before the Council with an architect's sketch and plans for the congregation's proposed 30-by-54-foot church to be built of white brick on land donated by Mrs. Christine Rasmussen adjacent to her residence on West Dewey street. The plans were approved.

The clerk informed the board that Lester Hanson wishes to purchase the old bathhouse on the bank of the Trempealeau River below the dam. The clerk was authorized to ask him for an offer.

The Council authorized the clerk to purchase water main as a bid submitted, \$1,924 a foot. Sufficient water main was authorized to build a line from Highway D east to the Leonard Knudson residence plus enough for all work that can be done yet this fall and next summer, or about 2,000 feet. It is anticipated that this will take care of extending the mains to Clifford Woychik's duplex at the north end of Abrams street, extensions to be taken over by the city of Whitehall.

Research into the city's records disclosed that Council meetings have been held monthly on the second Monday evening in each month since Aug. 22, 1887. There has been some discussion about holding two meetings a month instead of one because of increased business, but no action has as yet been taken. In addition to the regular meeting in October, two adjourned meetings have been held.

Minneiska Boy, 4, Loses Toes in Pulley

MINNEISKA, Minn.—Four-year-old Larry Greden, son of Mr. and Mrs. Leonard Greden, lost four toes on his left foot and part of a fifth toe in an accident at his farm home Friday.

The youngster was admitted to the Winona General Hospital at 12:15 p.m. after his foot became caught in the take-off pulley on a tractor.

The toes were amputated at the hospital and Larry returned to his home over the weekend.

Tin Can Pickup To Start Tuesday

The semiannual tin can collection in the East End of the city will begin at 7 a.m. Tuesday, the street department announced today.

Pickup crews will work from the river to the lake. Area covered will be east of Center street and on Lake boulevard, east of Huff street.

study salary raises for Burkhardt and other city employees and to report at the next meeting. The possibility of making the city treasurer an appointive office instead of elective was suggested, but no action was taken.

Highway 53 Curve
The Council discussed the failure of the La Crosse division of the Wisconsin Highway Commission to reply to a letter written in June requesting that something be done about the sharp curve leading into Main street from the east. The Council is seeking erection of a sign indicating that traffic should stop but that traffic following Highway 53 does not have to stop. An alternative would be a blinker or some sign be placed there because the turn is sharp and visibility is poor. The Council also suggested widening of the street at the approach to the corner by making the boulevards narrower.

Clerk Elstad was instructed to write directly to the Madison office regarding the matter.

A \$54 magnet, to be used for magnetizing curb stop covers and valve boxes to facilitate finding them with the dip needle was demonstrated but no action was taken.

A letter from the Land O'Lakes Creameries, Minneapolis, praising its efforts to secure equalized valuation on manufacturing in Whitehall with the other municipalities in Trempealeau County, was read.

Property Offered
Clerk Elstad also read a communication from the La Crosse Trust Co., and Drexel A. Sprecher, executors in the estate of the late Walter A. Sprecher, offering to turn over to the Whitehall Golf Club Sprecher's share. Elstad reported that he had informed the writers that the club was dissolved in 1942 and the property had been taken over by the city of Whitehall with Burr Tarrant as trustee. City Attorney Hegge informed the council that the share has now been turned over to Tarrant as trustee.

Research into the city's records disclosed that Council meetings have been held monthly on the second Monday evening in each month since Aug. 22, 1887. There has been some discussion about holding two meetings a month instead of one because of increased business, but no action has as yet been taken. In addition to the regular meeting in October, two adjourned meetings have been held.

Officers of St. Thomas Court 360, COF, were installed by John C. Bambenek, state trustee, at a meeting at the St. Stanislaus School Wednesday evening. Officers are: chief ranger, Romold Galeswick; vice chief ranger, August W. Jernigan; past chief ranger, Dr. A. H. Maza Sr.; spiritual director, the Rev. N. F. Grulkowski; financial secretary, Arnold Nett; recording secretary, Henry Walinski; treasurer, Robert W. Fries; speaker, John Starzecki; trustees, George Lica, Ernest Theis and John J. Palubicki; senior conductor, Donald Matejka; junior conductor, Joseph Jereczek; outside sentinel, James Matuszycki Sr.; inside sentinel, James Matuszycki Jr.; chairman of audits, Alois T. Wiczek, and juvenile director, Adrien Dupuis.

After the meeting, cards were played and lunch and refreshments served.

RETURNS HOME
Mrs. L. R. Tickle who has been visiting her son-in-law and daughter, Dr. and Mrs. E. M. McLaughlin, 479 W. Broadway, returned Sunday to her home in Milwaukee.

Why Did Mario Eat Himself Into Trouble?

(Editor's Note: Mario Lanza's own story—for the first time, the fabulous tenor tells in his own words the whole story about his battles with MGM, his two-year retirement, his fat problem, his tangled finances, his way of living, his plan for the future. The colorful story will be reported in three articles by Bob Thomas.)

By BOB THOMAS
HOLLYWOOD (U) — Two years ago, Mario Lanza, a Philadelphia boy with a golden voice, was on easy street.

His film "The Great Caruso" was one of the top money makers of all time. He earned \$1,000,000 in one year, more than half of it from phonograph records. He was the hottest property in show business.

Today at 33, he is in debt to the United States government and has virtually no savings. He is faced with the job of rebuilding a career that has been at a standstill for 24 months.

What happened? How did he get into such poor shape, both financially and physically? That's what I aimed to find out.

Before you shed any tears over Lanza's plight, let me add that he is living very well in a huge mansion with his pretty wife Betty, his four children and a crew of servants. He has been eating well too, and that has been one of his troubles.

"Look," said Mario, stripping off his dark blue sport shirt. He flexed the muscles in his huge chest.

"Is that fat? No, not on your life. That's muscle. I've always had a 50-inch chest, no matter what kind of shape I was in. It's just this I've got to get rid of, and I'm making rapid progress."

He patted the spare tire around his belly, which is still considerable. He is touchy about his weight problem, but he denied reports that he was addicted to spaghetti and other Italian dishes. "It is not the pasta that gives me trouble," he said. "I am a great steak man."

Why did he eat himself into such size? He said it was because of the emotion problems that beset him. One of the major causes was disillusionment over his finances. He claims his money frittered away because of handling by his former manager, Sam Weiler. Weiler denies it. The courts will decide who is right.

Polish Reds Free American Citizen
VIENNA, Austria (U) — Hermann Field, a U. S. citizen who disappeared in Red Poland in August 1949, has "been cleared of all charges and released from prison," the Warsaw radio said today.

The broadcast said an investigation conducted by Polish authorities disclosed that the charges which led to Field's arrest were "framed up by an American agent."

Field will be given "full compensation" and action will be taken against all persons responsible for his arrest, the report said.

Field's secret arrest was disclosed Sept. 28 in Washington by his former jailer, Josef Swiatlo, a top official of the Polish secret police until he fled to the West 10 months ago. Field disappeared after boarding a Prague-bound plane at Warsaw.

Allen Book Confesses Admiration for Benny

By EARL WILSON
NEW YORK — Fred Allen's witty recollections of 18 years in radio—in a handsome book, "Treadmill to Oblivion"—sneaked into town this week . . . and I enjoyed most the confessions of his "feud" with Jack Benny.

Few will recall that he and Jack had "physical battle" on March 14, 1937, at the Hotel Pierre, on a radio show.

"The feud started accidentally," admits the Boston humorist. He told a boy violinist that Benny was "an ancient and rancid violinist" who should return the horsehair of his violin bow to the rump of the horse from which he'd taken them.

"Benny is anemic," he said. "When a mosquito lands on Benny all he gets is practice."

"Now, listen here, Allen, I'll give you just one more minute to apologize," Benny said—when they went on the air together first.

"Apologize?" sneered Fred. "Why, I'll knock you flatter than the first minutes of your program!"

Fred then confesses that Jack "is my favorite comedian and I hope to be his friend until he is 40. That will be forever."

Fred's blunt, as always. Constantly battling with ad agency executives, he mentions one who'd been a famous quarterback.

"Whenever he met one of the other players, he could never recognize the fellow until he'd asked him to bend over," Fred says.

Fred's nice wife, Portland, went on the air with him soon after he started in 1932. It went like this: Secretary: There's a little girl waiting outside.

Allen: Let her age while and send her in.

Fred apologized to all of Pennsylvania for saying the rooms in a Philadelphia hotel were so small "that even the mice were bump-backed." Bert Wheeler was a guest—and Fred told him to keep it clean.

"I've never told a joke I wouldn't tell in front of my mother," retorted Wheeler, his feelings hurt.

"Where is your mother?" asked Fred.

"She's with a burlesque show," sobbed Wheeler.

Fred takes us back to the Mighty Allen Art Players, Allen's Alley, Senator Claghorn, Mrs. Nussbaum, Titus Moody, Ajax Cassidy. He remembers congratulating the soundman for the wonderful fizzing sound he got for a Sal Hepatica commercial and asked how he got the perfect effect.

"Sal Hepatica didn't fizz loud enough, so I used Bromo Seltzer," the soundman chuckled.

Fred's book also reminds us that we had a mayor named La Guardia who was little over 5 feet tall and that Titus Moody once said, "He'd be a good man on a farm, Bub — he's the only man I know that can milk a cow standing up."

Those were the days, but Fred sadly concludes that the comedian's on a treadmill and all he winds up is "The echo of forgotten laughter."

But with that I disagree. Quite

By Jimmy Hatlo

Annual Book Fair At St. Teresa Opens Thursday

The ninth annual Book Fair at the College of Saint Teresa will open Thursday morning and will continue through Nov. 1. The Marian theme in the decorations will serve as a backdrop for the hundreds of books on display in the lobby of Saint Teresa Hall. In further commemoration of the Marian Year there will be a special display of books about the Blessed Virgin Mary.

Dr. Elizabeth Nydegger, member of the Department of English and well-known lecturer and book-reviewer, will highlight outstanding new books for adults at the student-faculty convocation on Thursday. That evening members and guests of the Winona Chapter of the Teresian Alumnae Association will visit the fair where Sister M. Eone, librarian, will speak on "Adventures in Reading."

Two Purposes
The dual purpose of the Book Fair has always been to emphasize the importance of building personal and family libraries and to promote the use of books as gifts for all occasions. These books are for every age and interest, have been carefully selected to ensure excellence in both Catholic and secular publications.

The selection includes adult titles in the fields of fiction, poetry, drama, biography, history and economics; religion, philosophy, psychology, and both the fine and the useful arts. Those interested in books for children will find both familiar and new editions of Mother Goose, fairy tales, and other juvenile classics. In addition, Bible stories, lives of saints and heroes, animal stories and modern imaginative tales will add color to this section of the fair.

In an illustrated book-talk at a freshman convocation on Tuesday, Sister Eone will give a preview of the fair. Rachel Field's "Prayer for a Child," "The Small Child's Bible," "Winnie-the-Pooh," and "Rabbit Hill" will be among the books featured in her talk. Interest in materials for children's reading has been mounting at the college because of the large enrollment in the Elementary Education Department. Classes from the Jefferson School and from St. Mary's School are planning to visit the fair where Children's Literature classes will tell stories.

Dates Coincide
For the first time the dates of the Book Fair and of Parent's Weekend will coincide this year, so that visiting parents of Teresians will have the opportunity of looking through the displays.

The fair is planned and directed by the staff of the college library of which Miss Gwendolyn Miller is assistant librarian and Sister M. Eone is reference and circulation librarian. Students of the department of library science and members of the Sodality Catholic Truth Committee assist.

The Book Fair will be open to the public from 9 a. m. to 9 p. m. daily, Thursday through Monday. Visitors will find it convenient to use the Broadway entrance to Saint Teresa Hall.

Force plane were ordered to survey the Launa's condition by daylight today.

Honduran Ship Fighting Flood
MIAMI, Fla. (U) — A small Honduran ship, in distress in the Bahamas, radioed early today that its pumps were working again and "gaining on the water" that had flooded its engine room.

The latest report from the 135-foot Launa, carrying 13 men, was that the water now was just covering the engine room floor plates. The vessel reported its batteries were holding up well.

The Launa had radioed for help last night, first reporting she was in a "flooded condition" and later reporting she was in "sinking condition."

By GRETCHEN L. LAMBERTON

EACH year along about this time my mailbox is bulging with Christmas gift catalogs, and each year I wonder anew at the inventiveness of the human mind. You look through the catalogs thinking, "Well, well! Every gadget that could POSSIBLY be invented has now been invented. That's all there is. There isn't any more."

And then along comes a catalog with dozens more gadgets, and it usually seems to me that one gadget is sillier and more useless than the next one. But I love to read about them just the same. Two years ago, you remember, everything in the books was "personalized," which in less fussy, English means that your name or initials were plastered all over everything. There were ads of "personalized" toothbrushes and overshoes, "personalized" cups and shaving mugs and pillows, and—most elegant touch—"personalized" sugar lumps!

There were "personalized" vases, doormats and lipsticks, socks and underwear, and Christmas tree balls. It seemed to me that this national preoccupation with plastering one's name all over one's possessions indicated an underlying unsureness of self.

This fall there have been some dillies of gadgets that not only move one to wonder but to laughter. For instance, there are two life-sized white or black china cats in climbing poses that you are supposed to clamp to a tree or rafter in order to (in the words of the ad) "fool people into thinking you have cats."

Now, why on earth you'd want to fool anyone—except perhaps a mouse or two—into thinking you keep cats is a complete mystery to me. But if you feel so inclined, you can buy these fake cats for \$3.75 apiece.

Then there is what the ad calls "flickering fake" which is yours for \$29.95. This is three fake birch logs fastened and wired electrically, and you lay them in your fireplace and plug the cord into an outlet.

Then, says the ad, "there is the illusion of a roaring fire, even to the crackling, snapping sound—yet it doesn't burn! The birch logs sit on your andirons, you plug the cord in, a light shines against the rotating crinkled aluminum foil!"

For \$18.95 you can buy a pair of electric socks to keep your feet "toasty warm," in the words of the ad. The socks are wired, and an electric cord leads up inside or outside the pants leg to a compact battery case worn on the belt. Well, for them as aren't afraid of stubbing a toe and short-circuiting their socks and electrocuting themselves—

Then I was fascinated with \$2 worth of "Santa's Footprints." For \$2 they'll send you six pairs of Santa Claus footprints in red felt-paper edged with gold, and you're supposed to lay them from your fireplace (presumably filled with "flickering fakes") to your Christmas tree.

I noted two breakfast table gadgets that practically finished me. The first—for \$2.50—was a "Coffee Cooler." It was an aluminum cylinder with a handle, that you plunge into a cup of coffee to cool it. Says the catalogue: "Scientifically designed to cool any hot beverage rapidly and efficiently. Made of solid aluminum it will absorb the excess heat without dilution. Works equally well with tea or soup." Now my pet peeve on earth is cool coffee, and for one who likes coffee so hot that it practically scalds the gullet all the way down this gadget was a cross between insult and a huge joke.

The gadget that finished me completely was the "Breakfast Toast Branning Iron" for only \$1.95. In the words of the ad, "Say Good Morning to your overnight guests in this novel and so-attractive way. Just heat this 'branning iron' and imprint a cheery 'Good Morning' on the toast or hotcakes. Lightweight aluminum with stove-lifter handle; heat in lard or bacon fat."

If a guest who had had a rugged night were confronted with a pancake with a coy "Good Morning" burned on its surface, there'd be just one thing he'd do with it. Rub it in his host's hair.

No Settlement In Sight for British Strike

LONDON (U) — Britain's waterfront strike, which has idled 44,000 of 76,000 cargo handlers in this maritime nation, entered its fourth week today with no settlement in sight.

The National Federation of Wholesale Grocers warned that stocks of imported bacon, cheese, butter, eggs and tinned fruits were running low and said the situation would become serious if the work stoppage continues until next weekend.

The strike has paralyzed the big port of London and crippled operations at six other important ports, including the key freight-handling cities of Liverpool and Hull. More than 800 ships are idle in the ports. Cargo worth an estimated 120 million pounds (\$36 million dollars) are being held up.

Watson, Candidate In Florida, Dies

TAMPA, Fla. (U) — Death has removed J. Tom Watson, 68, from the stormy Florida political scene. A former state attorney general who was running as the Republican candidate for governor after two unsuccessful attempts to gain the Democratic nomination, Watson succumbed to a complication of a heart condition yesterday.

He seemed to be recovering from a light stroke suffered last July, which limited his campaigning against Democrat Leroy Collins of Tallahassee.

He was preparing to leave his home for a hospital when he was stricken. He died a few minutes later.

His successor in the governor's race has not been selected.

General Uneasiness Factor in Election

By REILMAN MORIN

NEW YORK (AP)—A vague but widespread feeling of uneasiness—mainly over jobs and economic security—appears to be the big political factor on the Atlantic seaboard today in the last week before the elections.

Democrats are counting heavily on it to give them what they call a "junior landslide" Nov. 2.

Republicans, recognizing the feeling, argue that the economic situation was even worse before the Korean War. They are pleading with the voters to "give more time" and say conditions are steadily improving. And President Eisenhower himself has jumped into the campaign.

How will this be reflected at the polls next week?

A general consensus is that, at the moment, the Democrats seem to have the edge in many major races in the Northeast. There is considerable talk of a "Democratic tide," based on the elections in Maine and Alaska, along with a scattering of municipal contests that were won by Democrats.

Republicans do not concede any trend. They say it is Democratic sales talk designed to influence the uncertain voter. But many GOP candidates frankly admit worry. The moves in the high command reflect it.

Nine states in the region are electing 7 governors, 6 senators and 90 representatives. A majority of the offices are now held by Republicans. The state-by-state lineup appears like this today:

New York—Straw-vote figures baffle most political analysts at the moment. Ives, the GOP candidate for governor, piled up a record plurality in 1952, even running ahead of Eisenhower. Harri-man is making his first try for elective office. As a campaigner, he is neither colorful nor exciting. Yet the polls show him leading Ives.

Republicans hold 27 of the 43 congressional seats, and one is vacant. They fear a net loss of one seat. Democrats predict they will gain a minimum of 4 and a maximum of 11 "if the sweep is as big as it looks now."

New Jersey—The main race here is for a Senate seat and most observers believe Rep. Charles Howell Democrat, will defeat former Rep. Clifford Case. The Republican candidate is beset by opposition within his own party, stemming largely from the 1952 fight between supporters of the late Sen. Robert A. Taft and the backers of President Eisenhower. The President has endorsed Case. But Howell still is given the edge.

Neither party makes any strong claims of victory in the 14 House races. The GOP has an 8-6 margin. The Democrats expect a net gain of one.

Massachusetts—Two Republicans, Gov. Christian A. Hertz and Sen. Leverett Saltonstall, are in tight races for re-election. They appear to be leading in this final week before the election. Hertz's challenger is Robert T. Murphy, Democratic veteran of the State Legislature. Former Rep. Foster Furcolo, Democrat, is running against Saltonstall. Democrats conceded that Furcolo was "hurt" when Democratic Sen. John Kennedy did not publicly back him in the race.

Republicans hold 8 of the 14 House seats. They expect to break even "at worst." Possibly gain one. Democrats hope to hold all their present 6 and gain 1.

Connecticut—Gov. Lodge's Democratic challenger is former Rep. Abraham A. Ribicoff and at the moment the race looks neck and neck. The Democratic National Committee is more optimistic about Ribicoff's chances than are his own managers in the state. Ribicoff ran ahead of Adlai Stevenson in Connecticut in 1952 even though he was defeated for the Senate.

The six House battles appear to hinge largely on the result of the gubernatorial election. Democrats hope to take four if Ribicoff wins, and believe they may win two if he doesn't. Republicans expect to retain the five they have now.

Vermont-New Hampshire—Democrats generally concede defeat in these two Republican strongholds. In Vermont, however, a 63-year-old dairy farmer, E. Frank Branon, is putting up a strong fight for the governor's office. His backers say, "If the Democrats could do it in Maine, we can do it here." The state usually promotes its lieutenant governor, however, and most observers believe the tradition will not change this year. Hence, they see Lt. Gov. Joseph B. Johnson the victor over Branon.

New Hampshire is electing a governor, two senators and two representatives. Democrats say they have a good chance to win one House seat, due to a GOP factional

NEW AID TO HEARING

If you have difficulty hearing your family and friends, if you refrain from participating in religious and social functions because you don't hear well; if you avoid using the telephone or radio; if you are nervous and tired from continually straining to hear, you will want to talk to either Mr. and Mrs. Nelfred Oakland about the new All-Transistor Hearing Aid. Tubes, crystals and "B" batteries have been eliminated. It's so small, so light, so powerful, so inconspicuous. Radio ear's famous magnetic microphone and Phonemaster is unequalled for hearing stability. Economy of operation is beyond belief (average user—12¢ a month for batteries). Drop a card or letter to Mr. or Mrs. Nelfred Oakland, Mabel, Minn.

fight in that district. They are given little hope in the other races. **Rhode Island**—This is a Democratic stronghold. While it gave President Eisenhower a slim plurality in 1952, it elected all Democrats on the rest of the ticket. Gov. Dennis Roberts, long-time mayor of Providence, looks well ahead of the Republican candidate.

Maryland—The segregation issue has been brought into the elections here and the effects are hard to gauge. Harry C. Byrd, Democratic candidate for governor, noting that the state has practiced

segregation for many years, recently said, "I believe it would be unwise to end that system immediately." Gov. Theodore McKeldin has said he would enforce the law.

Delaware—Here, too, the segregation question has arisen, although candidates of both parties have avoided taking a stand on it. Nevertheless, because the state has a Republican administration, Republicans feel that the controversy is hurting them.

The Senate race pits Sen. J. Allen Frear, Democrat, against Rep. Herbert B. Warburton, Frear,

popular with Republicans because of his voting record, seems to be leading at this point. In the House race, Mrs. Lillian Martin, a Republican prominent in state offices, is believed to be leading Harris B. McDowell, farmer and former member of the State Assembly.

TRAFFIC COMMANDMENT

LANSING, Mich. (AP)—Michigan observed "Highway Safety Sunday" when pastors of churches took as their text the Commandment, "Thou Shalt Not Kill" to preach on safe driving.

Junkman Held for Grocer's Murder

BALTIMORE (AP)—A 52-year-old junkman who told police he witnessed the slaying of a grocer early Saturday has been charged with committing the crime himself. Alfonso Hill, a Negro, had told police he had seen two Negroes enter the grocery about the time of the killing. He furnished detailed descriptions of them.

of his grocery. Another customer recalled seeing a junk wagon near the store about the time of the robbery, was held without bail. Hill, also charged with attempted killing, was held without bail.

State, Federal Spending Still A Tidy Amount

By SAM DAWSON
NEW YORK (U)—Uncle Sam isn't quite as free-handed a customer of businessmen this year. But state and local governments are shelling out more than ever for a growing share of the nation's output of goods and services. It tots up to a tidy sum.

Take out what Washington spends for present and past defense, and the total expenditures of state governments come to more than that of the federal government.

The U. S. Treasury is spending a little less this year than last, and taking in less in taxes—but going a little deeper into debt.

State governments and the nation's largest cities, on the other hand, seem out to beat last year's record for spending, taxing and piling up of debt.

The role of all forms of government as customers and payroll dispensers increases in stature as the public's appetite grows for highways, schools and services of all kinds.

The Department of Commerce notes that federal, state and local governments raked in record revenues of 106 billion dollars in the last fiscal year. They spent 9 per cent more than the previous year, or a record 111 billion dollars—and pushed their debt up 4 per cent to a new record high of 300 billion.

The outlook this year is for the U. S. Treasury to tax and spend at a slightly more moderate rate, but for state revenues and spending to go on rising.

The upward trend in taxing, spending and debt accumulation continues at the city level too. The Department of Commerce says the nation's 481 cities with population in excess of 25,000 hauled in more than seven billion dollars in their last fiscal year, 8 per cent more than the year before. They spent 14 billion more to their debt loads.

Plainview Methodist Men to Receive Charter Wednesday

PLAINVIEW, Minn. (Special)—A Minneapolis layman will speak at the first fall meeting of Plainview Methodist Men Wednesday at 8 p. m.

He is Ken Hultgren, district lay leader. He will present the charter to the local organization which will unite for the first time with the national organization. It is one of more than 7,000 organizations out of a total goal of 10,000 clubs which the board plans to charter by 1956.

Members have invited their wives and children of 14 years and older to this meeting. Also invited are members of the Elgin, Kellogg and Weaver Methodist churches.

Luther Leagues Form 9-Team Dartball Group

PEPIN, Wis. (Special)—Luther leagues of area churches have organized a 9-team dartball league which meets every Monday evening at the member churches.

Church Valley played Pepin at the Immanuel Lutheran Church here last week and won two out of three games from the local lads. The league has three teams from Church Valley, one each from Wabasha, Nelson, Little Plum, Alma, Durand and Pepin. Lawrence Jahnke is captain of the Pepin team. Eighteen men have signed to play.

RE-ELECT
George Daley
STATE REPRESENTATIVE
Read what Mr. Walter Stellwagen, President of the Lewiston Sportsman's Club has to say:
"Fall planting of catchable size trout, which has such strong backing among the sportsmen of Winona County, has been made possible through Representative Daley's efforts. 7,500 beautiful trout have been planted since the close of the season."

Talking Over The League of Minnesota Municipalities' broad tax-enabling legislation plank, which will be presented to the state Legislature in January, are, left to right, W. P. Theurer, president of the Winona City Council; Glen Wallace, vice president of the Minneapolis City Council and chairman of the special large cities' revenue committee which met here Saturday, and Howard A. Baumann, Winona alderman and chairman of the City Council finance committee. Representatives of the 8-member group met at City Hall to discuss revenue-producing measures for 1st and 2nd class cities within the state. (Daily News photo)

More GI POWs To Face Charges

WASHINGTON (U)—The Army probably will issue this week a new series of court-martial charges against soldiers accused of collaborating with their Communist captors or informing on their fellows while war prisoners in Korea.

The expected additional court-martial charges are among 40 cases still being investigated by the Army. All will involve men still in service.

Red China Morally Unfit to Join U.N., Lodge Says

MINNEAPOLIS (U)—It would be "moral blindness" to consider Communist China as fit for membership in the United Nations, Henry Cabot Lodge Jr. said here Sunday.

The chief U. S. delegate to the U. N. said the United States will continue to resist all maneuvers by Red China to represent the Chinese in the U. N.

Speaking at the 10th annual Minnesota U. N. Day rally Lodge said the moral sanction of the U. N. must not be scrapped.

"It must not be degraded into a mere sordid cockpit of power politics in which the law-abiding and the criminal are scrambled up indiscriminately," Lodge added.

He detailed a 15-count indictment against Red China, including charges of aggression in Korea, illicit drug traffic, piracy, brainwashing, murder of Chinese citizens, and persecution of foreign nations.

"It would be the biggest single lift world Communism could have if Red China were admitted to the U. N.," Lodge said.

HAYRIDE AT PLAINVIEW

PLAINVIEW, Minn. (Special)—Thirty-two junior Walther Leaguers of Immanuel Lutheran Church and guests went on a hayride Friday evening. They met at the church at 7:30 p. m. and after the ride ate lunch at the Sidney Stolz farm.

SOCIAL SECURITY

WHITEHALL, Wis. (Special)—A representative of the Eau Claire district office of the Social Security Administration will be at the Whitehall Courthouse Thursday, at 10 a. m. to answer any questions people may have concerning their social security accounts.

Pakistan Prime Minister Heads New Government

KARACHI, Pakistan (U)—Prime Minister Mohammed Ali headed a new and more powerful government today while a "state of emergency" was maintained to cope with Pakistan's disturbed political situation.

The Prime Minister named a new seven-man Cabinet last night after Gov. Gen. Ghulam Mohammed dismissed all his previous ministers and dissolved the Constituent Assembly. This body had served as a national legislature during the seven years of Pakistan's independence.

Declaring a state of emergency, the governor general turned full administrative power over to the Cabinet. Demonstrations and meetings of more than five persons were prohibited, and censorship was clamped on the local press.

All had cut short a visit to the United States and arrived back in Karachi Saturday, just a few hours before the drastic measures were announced.

He told the nation in a broadcast that he accepted the governor general's mandate to form a new government because "it was my duty, which in this hour of crisis I owed to my country."

U.N. Finishing Disarmament Debates Today

UNITED NATIONS, N. Y. (U)—The U. N. Assembly Political Committee entered the final phase of its disarmament debates today with a wary eye on Russia's Andrei Vishinsky.

Last Friday Vishinsky agreed to join the Western Big Three and Canada in a resolution calling for new five-power closed-door talks on disarmament. Vishinsky agreed with other delegates that the road to real agreement was a rough one but he said there might be light ahead.

Agreements were signed in Paris Saturday designed to bring West Germany into the Western defense alliance. Moscow countered immediately by calling for a new four-power meeting on German unity.

Sugar production started in Cuba at the end of the 15th Century.

The Basic Idea Behind the All-New 1955 PONTIAC

On Display October 29 and 30

ABOUT 30 years ago General Motors Corporation presented to America a new car called Pontiac. This new car was the direct result of a very specific idea.

The idea was this: to create a car which took its style, its engineering principles and its features from the very best and most expensive in America—and to build these into a car priced just above the very lowest!

Naturally, such an idea produced a wonderful and highly popular car—a car which millions of satisfied owners have driven with outstanding pride and pleasure.

Now, nearly three decades later, an entirely new Pontiac has been created for 1955—a car completely new from the ground up!

One thing, however, about the 1955 Pontiac remains unchanged—its basic idea—to offer the American public the very finest car that can possibly be built to sell at a price within easy reach of any new-car buyer.

When you see the new Pontiac on Friday or Saturday—Oct. 29 or 30—you will be immediately impressed by its remarkable new styling. No other car in the world looks like this new Pontiac!

When you drive it you will be astonished at its performance. For the 1955 Pontiac introduces the powerful new Strato-Streak V-8, an all-new engine that has already been proved in more than 3 million test miles!

When you price the new Pontiac you will come face to face with the basic Pontiac idea—you will be agreeably surprised that so much car, so much sparkling newness, so much luxury, so much downright goodness can be priced so near the very lowest.

We cordially invite you to come in on Friday or Saturday and see for yourself what a superb all-new General Motors masterpiece has been created to carry the wonderful name "Pontiac" for 1955.

SOCIETY CLUBS

Mr. and Mrs. Bernard M. Feldmeier will make their home in Kansas City, Mo., after their wedding trip. The bride is the former Phyllis Ann Heberlein, daughter of Mr. and Mrs. Frank Heberlein, La Crescent, Minn., and the bridegroom is the son of Mr. and Mrs. Philip Feldmeier, La Crescent.

Phyllis Heberlein Becomes Bride in Church Ceremony

LA CRESCENT, Minn. (Special) — Miss Phyllis Ann Heberlein, daughter of Mr. and Mrs. Frank Heberlein, La Crescent, Minn., became the bride of Bernard M. Feldmeier, son of Mr. and Mrs. Philip Feldmeier, La Crescent, at St. Peter's Catholic Church, Hokah, Minn. Rev. Father Schmitt celebrated the high Mass at 9 a.m. Oct. 16.

The altars were decorated with yellow and red chrysanthemums and the school choir sang.

The bride wore a gown made with white lace bodice and skirt of net ruffles over satin. Her veil fell from a crown trimmed with rhinestones and seed pearls. She carried white Fugle chrysanthemums and a white rosary, a gift from the bridegroom.

The bride was attended by Miss Arlene Peterson who wore a shrimp-colored gown of net and lace over satin.

Miss Patricia Tschumper and Miss Margaret Feldmeier, bridesmaids, wore blue net and lace over satin. They carried colonial bouquets of red and yellow chrysanthemums.

Linda Ann Peterson, niece of the bride, as flower girl wore white net over satin, and carried a white colonial bouquet. The older attendants wore rhinestone bracelets and earrings, gifts of the bride. The flower girl wore a gold lock-ot.

The bridegroom was attended by Raymond Feldmeier, Glen Heberlein and William Jackel.

Mrs. Heberlein wore a rose-colored dress with a white and yellow pompon corsage. Mrs. Feldmeier wore a white and pink pompon corsage on a black dress.

A dinner for 40 was served at the bride's parents' home and reception for 150 followed.

After a wedding trip they will make their home in Kansas City, Mo., where the bridegroom is stationed with the Air Force.

Parties for the bride-elect were given by Mrs. Philip Feldmeier, Mrs. Frank Heberlein and Mrs. Lloyd Gleason.

STOCKTON WSCS
STOCKTON, Minn. (Special) — The WSCS of Stockton Methodist Church will meet Thursday at 2 p.m. in the church social room. Mrs. Arthur Wacholz has charge of the lesson. Hostesses will be Mrs. Roger Fakler and Mrs. Elsie Pierce.

William Hunger, Wife Celebrate 50th Anniversary

Mr. and Mrs. William Hunger, 611 W. Bellevue St., celebrated their golden wedding anniversary Sunday. A dinner was served at noon for the immediate family and open house for relatives and friends held in the afternoon and evening at the home of their son-in-law and daughter, Mr. and Mrs. George Bork, Fountain City.

Mrs. Hunger, the former Barbara Moore, and Mr. Hunger were married Oct. 25, 1904 by the Rev. Herman Houser at the home of the bride's parents in Bohri's Valley. Their attendants were Mrs. Henry Herold, Fountain City, Wis.; Mrs. Victor Schmitt, Winona; Alfred Moor, Bowman, N. D., and the late John Hunger.

They farmed on various farms near Fountain City, 27 years being spent on a farm in Bohri's Valley. In 1944, they moved to Winona where Mr. Hunger was employed at the College of Saint Teresa until his retirement in 1953.

Mr. and Mrs. Hunger have four children: Walter and Mrs. George (Helen) Bork, Fountain City; Ervin, Trempealeau, and Lloyd, Winona, and 13 grandchildren.

Mrs. Hunger wore a two-piece slate blue dress and a corsage of yellow roses, the gift of Robert, Betty and Diane Hunger. Mr. and Mrs. Hunger received a golden book from Gerald and Wayne Hunger. Their anniversary cake was a gift from the Sisters at the college. They were presented with a purse of money, other gifts and cards from their children, relatives and friends.

Music for the afternoon was by their granddaughter, Corinne Hunger. The guest book was in charge of Mrs. Ralph Herzberg.

Out-of-town guests were Mr. and Mrs. Alvin Moor, La Crosse, Wis.; Mr. and Mrs. Edward Plank, Mr. and Mrs. Lester Plank, Cochrane, Wis.; Mrs. Mabel Jacob and son, Arnold, Minneka, Minn.; Mr. and Mrs. Carl Patzner, Rollingstone, Minn.; Mr. and Mrs. George Weller, Mr. and Mrs. Adam Fitzer, Mr. and Mrs. John Stettler and Victoria Stettler, Colby, Wis.; Mrs. Sophia Blossing and son Norman, Alma, Wis.; Mr. and Mrs. John Rumpel Jr., Arcadia, Wis.

VFW AUXILIARY

The VFW Auxiliary will entertain at a public benefit party at the VFW Club this evening.

CIRCLE J

Circle J of St. Martin's Lutheran Church will meet at the home of Mrs. David Salke, 537 E. King St., Tuesday at 8 p.m.

SIMPLICITY CLUB

The meeting of the Simplicity Club at the home of Mrs. Harold Rekslad, 165 W. Broadway, Tuesday will be at 1:15 p.m. not 2 p.m. as previously announced.

RUMMAGE SALE

The WSCS of McKinley Methodist Church will conduct a rummage sale in the church basement Wednesday beginning at 9 a.m.

CIRCLE FIVE

Circle Five of the WSCS of McKinley Methodist Church will be entertained by Mrs. Robert Fleming, Minnesota City, at 2:30 p.m. Friday.

VILLAGE CIRCLE

PEPIN, Wis. (Special) — The Village Circle of the Methodist Church will meet in the annex Wednesday at 2:30 p.m. Mrs. Belitz and Mrs. R. Allen will be hostesses.

NEEDLEWORK SALE

ARCADIA, Wis. (Special) — A needlework and food sale will be held at the Evangelical United Brethren Church Wednesday from 3 to 5 p.m. The sale is sponsored by the Ladies Aid of the parish.

25TH ANNIVERSARY

TAYLOR, Wis. — Open house will be held at the Curran Valley Lutheran Church Oct. 31 at 2 p.m. in celebration of the silver wedding anniversary of Mr. and Mrs. Oscar M. Johnson, Taylor, Wis.

OPEN HOUSE

PEPIN, Wis. (Special) — Open house will be held Sunday from 2 to 5 p.m. at the Lutheran Annex to honor Mr. and Mrs. Ben Jahnke on their 40th wedding anniversary. Friends and relatives are invited to attend. No other invitations have been issued.

COUNTRY CLUB DANCE

More than 200 attended the formal dinner dance at the Winona Country Club Saturday evening. The party was the last of the club's 1954 season. Curt Peterson's orchestra played for dancing following dinner. On the host and hostess committee for the evening were Mr. and Mrs. B. F. Perkins and Mr. and Mrs. B. A. Miller.

ADULT SEWING

ARCADIA, Wis. (Special) — The adult sewing will be conducted by the home economics instructor at the Arcadia High School, Mrs. Lloyd Twesme, Tuesday at 7:30 p.m. in the homemaking room. This Tuesday evening there will be a demonstration on the use of attachments for the sewing machine. Those interested should bring along scraps of material, bias tape, and rick-rack on which to practice.

ANNOUNCE ENGAGEMENT

GALESVILLE, Wis. — Mr. and Mrs. Lorens E. Oines, Galesville, announce the engagement of their daughter Lillian to H. Hugo Worch Jr., son of the late Mr. and Mrs. H. H. Worch. The wedding will take place Nov. 17. Miss Oines is a graduate of Gale College and the Wisconsin Business University. Her fiancé studied at the Ithaca Conservatory of Music.

Flowers For Your Halloween Party. A buffet setting that's fun and also a conversation piece is pictured above. Allyn Wayne, official flower stylist, has sheared the top from a pumpkin, scooped out its insides, and used it as a bowl filled with varied fall flowers. A new gadget called "oasis" solves the flower frog problem in the pumpkin. A brick-sized chunk of dry plastic fiber, when soaked with water, it softens just enough to permit insertion of the flower stems, but remains firm enough to hold them at any angle desired. A cut-out witch, a black cat and a jack o'lantern make a background.

Another suggestion is a picket fence with a black cat perched atop it. The picket fence can be easily cut from white cardboard. Interlace the "fence" pickets with orange chrysanthemums or pompons, set it on the back of the buffet and carefully tape it to the wall for support.

Irving Ball, Wife Hold Open House

PLAINVIEW, Minn. (Special) — Mr. and Mrs. Irving Ball celebrated their 25th wedding anniversary at an open house at their farm home Oct. 17. About 100 relatives and friends called to congratulate the couple and presented them with cards and gifts.

Among the guests was their only daughter, Joyce (Mrs. Leonard Wilde) and her husband, Plainview. Also present were their attendants at the wedding 25 years ago, Mrs. Ball's sister, Mrs. Ervin Koepsell, and Ivan Evans. Mr. and Mrs. Ball were married in the Methodist parsonage Oct. 16, 1929.

Mrs. Koepsell served the anniversary cake and Mrs. Ball's sisters, Mrs. Mabel Harbo, Elgin, and Frank Schmidt, Plainview, and her sister-in-law, Mrs. Charles Seefeldt, served the refreshments.

WSCS MEETING

WEAVER, Minn. (Special) — Due to other activities Thursday, the WSCS will meet at the home of the hostess, Mrs. Frank Kranz, Wednesday at 2:30 p.m.

HONORED AT PARTY

PEPIN, Wis. (Special) — Mrs. Edwina Elvestad was honored by friends and relatives Tuesday afternoon at a party at her home. She is to spend the winter months in Virginia.

RETURN FROM TRIP

BLAIR, Wis. (Special) — Mr. and Mrs. W. H. Mobby and Miss Tena Honkom, Blair, and Mr. and Mrs. William Larson, Taylor, have returned from a 10-day sightseeing tour of Puerto Rico and the Virgin Islands.

With infectious colds raging, don't gamble with unknown, untold treatments. For your family's sake, use the home-proved medication that does more than just work on the chest — Vicks VapoRub. VapoRub also brings relief in the cold-irritated breathing passages — because it acts two ways at once:

1. VapoRub relieves muscular soreness and tightness, stimulates chest surfaces.
2. At the same time, VapoRub's special medicated vapors also bring relief with every breath.

You can't see these vapors, but you can feel them as they travel deep into the nose, throat and large bronchial tubes. The congestion starts breaking up. Coughing eases. Soon you enjoy wonderful, warming relief that lasts for hours. So when infectious colds strike, use the medication that does more than just work on the chest. Rub on relief... breathe in relief with Vicks VapoRub!

For most effective relief from croupy coughs, that choked-up feeling, use Vicks VapoRub in steam as directed in folder. You'll get such fast, direct relief!

Made by World-Leading Colds Specialists **VICKS VAPORUB**

Pauline Snyder Married to Donald Johnson

LA CRESCENT, Minn. — White carnations were used in the bridal bouquet carried by Miss Pauline Snyder, daughter of Mr. and Mrs. Leslie Snyder Sr., La Crosse, Wis., for her marriage to Donald Johnson, son of Mr. and Mrs. Henry Johnson, La Crescent.

The double-ring ceremony was performed Sept. 25 by the Rev. Berger at the Calvary Lutheran Church, La Crosse.

The bride wore a white satin gown with fitted bodice, fashioned with lace neckline trimmed with rhinestones. The full skirt fell in a cathedral train. The bride's veil of nylon net was held by a scalloped lace crown trimmed with crystals.

The bride was attended by Miss Lois Papenfuss, Lamolle, as maid of honor. She wore a yellow floor-length gown of net over satin. Her headpiece was of yellow flowers edged with nylon net. She carried a colonial bouquet of pink carnations, gifts of the bride.

The bridesmaid, Mrs. Earl Bork, Fountain City, Wis., sister of the bride wore a blue satin gown with matching headpiece of nylon net and blue flowers. She carried a colonial bouquet of yellow carnations. The attendants wore pearl necklaces, gifts of the bride.

Darrell Johnson was his brother's best man. Earl Bork, Fountain City, was groomsmen.

The bride's mother wore a rose dress with black accessories and the bridegroom's mother wore a black dress with black accessories. Their corsages were of white carnations. A reception followed the ceremony. The couple will reside on a farm near La Crescent where the bridegroom is engaged in farming with his father.

OBSERVES BIRTHDAY
Mrs. Mary Schmidt, 631 W. King St., was honored at a birthday supper at which 18 were entertained at the home of her daughter, Mrs. C. W. Thorpe, 1122 W. Mark St. Friday evening. Mrs. Schmidt was born in Fountain City, Wis., and has lived here 64 years. She was 86 on her birthday. She received many gifts and cards.

Organist, Choir In Dedication Recital Program

A program of organ music ranging from "Pieve Heroique" by Franck to a lighter Scherzo by Widor was presented by Miss Marion Hutchinson, fellow of the American Guild of Organists and instructor at MacPhail College of Music, Minneapolis, at a dedication organ recital at Central Lutheran Church Sunday evening.

Miss Hutchinson, organist and choir director at St. John's Lutheran Church, Minneapolis, and former organist and choir director at Central Lutheran Church in that city, opened the program with the stately "Rigaudon" by Camper-Ferari.

The Bach chorale, "Have Mercy, O Lord," was offered with a "clarinet" solo introduced and the delicacy of another Bach composition, "Arioso," was re-emphasized through its "harp" accompaniment. The rousing tempo of the Mersaux Toccata was contrasted with the Franck "Pieve Heroique" which followed, the latter's moody phrasing being given full emphasis.

The three movements of the Mendelssohn Sonata VI preceded "Choral Paraphrase" by Whitford, the latter based on "Now Thank We All Our God." Other compositions were "Romance Sans Paroles" by Bonnet, Andante (Symphony Gothique) by Widor and the sonorously dignified "Marche Re-

ligieuse" by Handel-Guilman which concluded the recital. Also appearing on the concert was Trinity Lutheran choir of La Crosse under the direction of Paul Finanger, heard in "Praise to the Lord" by F. M. Christiansen, "The Cherubim Song" by M. Gluka, "Vigil by Christiansen, "Here Is This House" by Beethoven-Horworth and "Day Spring of Eternity," Christiansen. The recital was open to the public and an open house followed in the Fellowship Room of the church with about 250 being served by the hospitality committee. Pouring were the Mmes. Martin Peterson, Alice Buck, John Timmons and Wendell Fish.

HALLOWEEN PARTY

WHITEHALL, Wis. (Special) — The annual Halloween party at the Daggett School will be held Wednesday evening. William Christianson, Strum, will show pictures of his trip to various parts of the United States. A bazaar will be held in connection with the party. There will be a fish pond and a feature for the children and lunch will be served.

Teresan Alumnae Honor Former College President

Special tribute was paid to Sister M. Aloysius Molloy, former president-dean of the College of Saint Teresa, during homecoming festivities this past weekend.

The Rt. Rev. Bernard P. Mangin, former chaplain and faculty member, began his sermon at the alumnae Mass Sunday by recalling this pioneer in Catholic education.

He also stressed the duty of the Catholic college graduate to give to others through her example and her work the fruit of her education. "There is great need," he said, "for enlightened and steadfast Catholics in a world that has made great advances in science and technology, but in turning aside from God, has lost moral control."

Prayer Urged

In his concluding remarks, Msgr. Molloy urged the alumnae to pray always: "In this Marian Year, we should be especially mindful of the efficacy of the Rosary. Since the Blessed Virgin is the patroness of every Catholic woman, it is fitting that this prayer be the lay breviary of Catholic women and the common prayer of Catholic families."

Sister Aloysius also was honored at the business meeting during which the alumnae voted to give a stained-glass window in the sanctuary of the Chapel of Saint Mary of the Angels as a memorial to her. Special mention was made of Sister Aloysius in the resolutions adopted at the close of this session. A display of tributes sent by leading educators of the country was arranged for the perusal of alumnae.

Social highlight of the weekend was the banquet Saturday served over 250. Toastmistress was Dr. Dorothy Abts Mohler, faculty member of the graduate school of social service, Catholic University of America, Washington, D. C. Mrs. Mohler singled out for special in-

A Group Of Participants in the College of Saint Teresa alumnae homecoming this past weekend were, left to right, Mrs. Bruce Mohler, Washington, D. C., toastmistress and chairman of her class reunion; Mrs. Theodore Bisson, Lewiston, Maine, who came the farthest distance; Mrs. Hubert Weir, 318 Market St., Winona, newly elected national alumnae president; Mrs. J. Milton Dahm, 357 E. 5th St., who was re-elected national secretary; and Sister M. Eone, editor of the

alumnae magazine. Mrs. Weir also is secretary of the Winona Diocesan Council of Catholic Women, drive chairman of the Winona Community Concert Association, co-chairman of the tuberculosis drive, chairman of the National Organization of Decent Literature for Winona, and vice president of the St. Rose of Lima Guild. The older of the Weir daughters, Anne, is a freshman at Saint Teresa.

Jackson County Teachers Meet

production Dr. Rose Smith, former faculty member who retired in June, and John Paul Jones, Milwaukee, formerly of the department of campus, who had returned to the campus for homecoming.

Breakfast Speaker

Jones also spoke at the breakfast-luncheon of the silver jubilee class at the Tea House Sunday. Special guests at this function were Sister M. Callista, former dean of students and now vicar general of the Sisters of Saint Francis, Rochester, and Sister Mary, former registrar and now general secretary of the congregation. Mrs. Hubert Weir, Winona, was toastmistress.

The silver anniversary class had the largest percentage present of all homecoming groups, 28 members comprising over half of the class enrollment. Next in rank was the class of 1949 with 44 in attendance. Other anniversaries observed were those of 1914, 1919, 1924, 1934, 1939 and 1944. Large groups from other classes also were present. Largest number of registrants was from Milwaukee, with Chicago in second place. Eleven states were represented.

Jackson Co. Holds Brucellosis Meetings

BLACK RIVER FALLS, Wis. (Special) — Meetings are now being held in all townships of Jackson County to acquaint cattle owners with the plan A brucellosis program.

"In order for the plan to become effective here, it is necessary that 75 per cent of the cattle owners petition for it," A. J. Chucks, county agent said. All herds would be blood tested and all reactors would be shipped to slaughter. However, an indemnity would be paid to owners by state and federal governments ranging from \$50 for grades and \$100 for purebreds.

Presently 92 per cent of the cattle herds of the county are free of the disease. Stamping out brucellosis completely would result in increased production, less calf loss, increased dairy cattle sales and a more stable market for dairy products, Chucks said. Another advantage of the program would be elim-

ination of the chance of humans contracting undulant fever. Petitions are now being circulated in the six townships of the county.

There are 3,000 islands in the Indonesian republic.

Birds Wonderful,
But Nuisance TooBy DAVID G. BAREUTHER
AP Real Estate Editor

Birds are wonderful, but they can be nuisances, too. They can wake you up at an ungodly hour with their cheerful chirping. They can cause you to strain your eyes with long staring through binoculars, once you become a bird watcher. And they can break their little necks trying to fly through picture windows—the same way hundreds of them collide with the Empire State Building.

But one of the funniest stories

about birds and a householder came from one of our readers, who made the mistake of thinking that those little holes some architects draw under a gable actually represented bird houses.

This man's wife loved birds. His attic needed ventilation, too. So gallantly he cut a pyramid of holes in the ends of his house to give the birds a nice warm place to build their nests in his unused attic. He soon learned that birds and bats in an attic can be as bad or worse than squirrels.

It reminds this reporter of the time his father had a fireplace built in his house. Worked fine the first winter, perfect draft, no smoke. But next fall on the first brisk day, with company arriving, Dad decided to show off his new fireplace with a big log fire.

Paper, kindling and logs were all in place. Everybody had settled down for a nice chat. Mother decided it was the dramatic moment and if we were going to have a fire we ought to have a fire. She struck a match as casually as she would light the kitchen stove. Smoke billowed into the room.

"Who could expect a woman to know how to start a fire?" Father roared, and with a grand flourish he switched the damper handle in the opposite direction. Still more smoke poured into the room from his smokeless fireplace. Water was rushed from the kitchen, win-

HOMES FOR AMERICANS

Economical But Roomy, this compact two-bedroom house without a basement is designed for a small family and a small lot. The house covers only 870 square feet. Open planning of living, dining and kitchen space and a storage wall between bedrooms are features. This is plan 207A by Walter T. Anicka, architect, Box 2037, Ann Arbor, Mich.

dows were opened wide and the company put on their coats.

The next day we found that swallows had built a dandy tight nest in the chimney.

Now pigeons have been interfering with services at the First Baptist Church in Paducah, Ky. Mr. G. L. C. recently wrote to us about it, because we had mentioned a bird repellent in an aerosol can which you can spray on the top edges of window shutters and eaves to discourage roosting.

Pigeons present a problem that has baffled the best bird brains in the cities of Philadelphia and New York, among others. Electric shocks have been tried, but of course churchgoers wouldn't want to find doves of peace electrocuted on the doorstep. Recordings of frightened bird screams have been tried, too. You hold the bird, upside down by his legs and shake him in front of a microphone. He screams in terror. By playing such a recording continuously under the eaves or other roosting places, you can scare the other pigeons away. But we can't imagine bird screams harmonizing with a hymn or sermon. So some other terrorizing device is in order.

Pigeons fear lizards, someone told George C. Johnson, president of the Dime Savings Bank of Brooklyn. His bank has an imposing portico supported by ornate columns. The pigeons thought this was built for them, and roosting over the doorway, they added hazards to all financial transactions.

In desperation, Johnson had his janitor suspend a giggling toy green rubber lizard high up under the portico. It seems to be alive when a breeze strikes it. For more than a year now, the pigeons have been fooled and they watch the coming and going of the bank's clientele from more distant perches.

Columbia University liked the idea and tried it over the entrance to its chapel. The top reptile scares the university pigeons in spite of their learned environment. With worshippers now entering the Columbia chapel fearlessly, we think that might work in Paducah.

"Don't just scatter rubber lizards and snakes on ledges," advises Mr. Johnson. "That was tried in Philadelphia and the birds roosted right on them. It seems the reptiles have to be in motion."

So hang 'em up and let 'em wiggle.

Each American consumed 76.6 pounds of beef, on the average, in 1953.

Make Do

A glass-top cocktail table is easy to fashion. Gordon Oberg, industrial designer, suggests doing it this way. Cut a disk, 36 inches in diameter from a panel of plywood 1/4-inch thick. Use 1/4-inch dowels 18 inches long for legs. Notch two pieces of plywood 18 by 8 inches to support a circle of heavy plate glass, 18 inches in diameter. Bevel and polish the edges of the glass. Sand and dust all wood parts. Finish with white shellac cut half-and-half with denatured alcohol. Polish with steel wool and a good paste wax.

Building Permits
Boost Total Near
\$1½ Million

Three permits for construction of new homes and another for a 60- by 60-foot truck and implement salesroom helped boost last week's total of building permits to \$41,426.

This year, permits totaling \$1,422,650 have been issued at the city engineer's office.

House permits were issued to Ed Whitten, 1868 W. 4th St., for a 28- by 36-foot residence at 1869 W. 4th St. that will cost \$7,000; Orval Hike, 503 Macdon St., for a 34-foot, 8-inch by 20-foot 4-inch residence at 503 Macdon St. for \$7,500 and to J. E. Jerecek, 402 E. King St., for a 34- by 28-foot residence at 169 Zumbro St. The latter will be erected by Robert Ritter at a cost of \$7,500.

The salesroom building will be built by P. Earl Schwab at 162 W. 2nd St. for \$11,200. It will be 1½ stories high.

Storage Building

C. E. Stulto received a permit to erect a 25-foot 10-inch by 50-foot storage building at 121 E. 3rd St. for an estimated \$4,000. H. J. Adleman is the contractor.

The Arlington Club, 57 E. 4th St., drew a permit to remove a boiler and install a new boiler and oil burner at an estimated cost of \$1,249 with the E. W. Toye Supply Co. as contractor.

Mrs. Ada McDonald, 465 Sioux St., drew a permit to construct a 14- by 16-foot addition to the house and a 22- by 22-foot garage for \$1,000 with Weston Larson as the contractor.

Permits concerning furnace installations were issued to Mrs. Mary Mikrut, 1015 E. Sanborn St. with Doerfer's as the contractor; Ben Hadley, 271 E. Wabasha St., Winona Heating & Ventilating Co.; T. H. Vondrashek, 125 Chatfield St., Winona Heating & Ventilating Co.; John Ruffs, 607 Harriet St., Winona Heating & Ventilating Co.; Earl Ruff, 860 W. Wabasha St., Doerfer's; Mrs. M. G. Gady, 236 E. 5th St., Doerfer's; and Miss Edna, 609 W. Wabasha St., at 617 W. Wabasha St. by the E. W. Toye Supply Co.

Ten Others

Other permits were issued to:

Ray Luthi, 777 W. King St., an \$800 permit to insulate the attic and outside walls of his home.

George Eckert, 925 W. Howard St., for residential remodeling.

Roy Bruggier is the contractor for the project that will cost an estimated \$400.

Lyle W. Ives, 521 Lincoln St., to build a 14- by 22-foot garage for \$355.

Paul W. Schneider, 505 E. 5th St., to install insulated siding at 501 E. 5th St. for \$230.

Donald Drazkowski, 424 Kansas St., to construct a new second story porch at 416 Kansas St. for \$350.

Sol Wasserman, 255 E. Broadway, to install a larger window and brick siding at 107 Washington St. for \$125.

Donald Winder, 350 W. 5th St., to install new windows at an estimated cost of \$50.

Anna Palubicki, 673 E. 5th St., to install brick siding on a house at 757 E. Front St. for \$25.

A wrecking permit was issued to Peter Merchewitz, 50 Carmona St., to dismantle a shed at 68 Zumbro St. at an estimated cost of \$100.

Stella Kocho, 928 E. 5th St., received a permit to move a garage on the lot at 928 E. 5th St. at a cost of \$25.

'Wall' Admits
Sun, Scenery

A wall of windows is an increasingly common sight both on new homes and on modernized older dwellings. It consists of a multiple arrangement of windows in vertical banks and horizontal rows, forming a glass "wall" that brings sunlight and scenery into the house.

Penderosa pine stock sash can be arranged in an infinite number of ways. A popular installation consists of many fixed sash windows, with one or two awning or hopper sash for ventilation. The awning window swings out from the bottom, while the hopper swings in from the top.

A combination widely seen in areas where maximum ventilation is wanted is a wall of awning or hopper windows, with no fixed sash. Awning and hopper are really the same window, but can be installed in either position the owner chooses. Installed vertically, this window becomes a case-ment.

Regular casement windows can be made into a window wall by putting a number of them side by side. The sliding window, another type of penderosa pine unit, and the familiar double-hung window also can be used.

It is generally best to install factory-made sash and frame for a wall of windows, rather than those made by small local mills or by carpenters on the job. Factory-made windows are treated with a water-repellent, preservative chemical.

The scientifically dried lumber used in stock window units is selected for freedom from defects and is kept at the proper moisture content. Frame and sash are precision-manufactured and are glazed at the factory by experts.

Housewife Gets SHOCKED!

Trying to save time and money ends with one shocked housewife. It just doesn't pay to "mooch" with something that should be left to experts. Phone 4578 for all of your electrical work.

Sawdust From

O'BRIEN'S

YEARS ago builders realized that a kitchen was the one room of any home used the most.

They realized, too, that being such it would have to have a good durable wall covering. So they came up with that attractive covering 4 feet up known as wainscoting. It was all right. Took a lot of knocks, not too easy to clean though, but it could be painted, although too frequently it was varnished. Well, today it's just not done anymore and those people who have had wainscoting have removed it and applied something else in its place.

Supposing you were in that position right now, what would you put on the wall? Probably you'd want something just as durable and a lot easier to keep clean. And you'd want some color to it. The product that can give you all three, economically, is Marlite. Marlite has proven itself to be just what the doctor ordered for hundreds of home owners. Once applied to the wall your decorating problems disappear because Marlite is finished with a baked-on enamel that won't chip or peel. I needn't tell you how easy it is to clean, you should know how enamel is to clean. This decorative enamel finish is put onto a hard board familiar to all of you as Masonite or Presswood. This will stand a good many abuses. Masonite is used under all kinds of conditions and it stands up well.

Now then, what can we get Marlite in, what colors, what sizes. Marlite is available in sheet form by that I mean 4'x8', 4'x5', 4'x6', etc., and also, this is their newest product, Marlite Plank and Block. 16"x16" Blocks and 16"x8" Plank. As for colors you can get 10 different pastel colors in the Plank and Block and 12 colors with a variety of combinations in the board form. Application is just as easy as any other wall covering. It can be either a glue application on your present wall or a strip and nail job in new or poor wall application. The Block and Plank does not require chrome moldings and it has been made so that you may do your wall in the Plank and in the same or contrasting colors.

I believe this is the most practical wall covering on the market today. If you're interested in doing some work in your kitchen or your bathroom for that matter, it should be worth your while to come down and see our Marlite display on our walls; and then draw your own conclusions. I'm sure you'll find it will serve your purpose better than anything you have seen.

Pre-Fit Windows
Keep Cold Air Out

A drafty house and high heating bills often can be traced to infiltration of air around windows. The cause might be improper fitting, warping, or faulty weather-stripping.

Old windows can be replaced with penderosa pine window units. Pre-fitted at the factory, new window units pass laboratory tests for air infiltration, and weather-stripping is precisely installed. Chemical treatment of the wood keeps warping, shrinking, and swelling from causing trouble.

The Welland Canal between Lake Ontario and Lake Erie is 27½ miles long.

Illinois Cities Use Radio to Chase Starlings

CHAMPAIGN, Ill. (U.P.)—A radio station and residents of two Illinois cities have ended a novel campaign to get rid of starlings and are hoping the experiment in bird pest control was successful.

For four days this week, in 15-minute programs, the radio station broadcast the distress call of the starling. Proceeding the recording were a few minutes of recorded selected noises, gun shots, bomb explosions and miscellaneous pops and bangs. They were described as the "awfullest sound you ever heard."

Radios throughout the twin cities of Champaign-Urbana, home of the University of Illinois, were turned on full blast during the broadcasts. Many persons placed portable radios in yards or open windows.

Motorists, joining in the community project to rid the cities of the birds, parked under trees in which hundreds of the starlings roosted, and turned on car radio sets. Some political candidates volunteered loud-speaker trucks.

The recorded starling distress call, described as sounding like "cheek, cheek, cheek," was obtained in cooperation with police and the University of Illinois.

Th police captured a starling which was no problem because of the thousands in the cities. The university's Electrical Engineering School strung the bird up by the heels, then cut a tape of it's distress call.

Larry Stewart, manager of radio station WDWS, which made the

TOOL TIPS

Choose a screwdriver to fit the slot of the screw and keep the tip ground. A worn or rounded tip will slip out of the slot and damage the screw head. A tip too wide will dig the wood around the screw head.

Mass Production Improves Housing

All homes being built in the United States today benefit from mass-production techniques, says American Builder magazine—even though all homes are not mass-produced.

American Builder explains that for a large post-war housing development the builder wanted a compact hot-water heater that would fit in a kitchen and match other kitchen equipment in appearance.

No heater of this type was on the market at the time, but a manufacturer, encouraged by the prospect of a large order, designed and built one that filled the need.

This type of heater is now available generally, to owners and builders of single houses as well as to development builders.

broadcasts, said residents reported good results. But, he added, he didn't know where the departing birds went.

"We're keeping the distress call on file in case they come back," he said.

OPINION
City of Winona to The Public—Vacation of sewer easement across S 1/2 of Lot 1 and 2, Block 3, Upland Add. to Winona.

The design of the new Canadian bank notes is being criticized on the ground that it is uninspiring. Still the critics would probably admit that it would be even less inspiring to be without any.

From a fisheries viewpoint, fall planting has been generally disapproved by fish authorities. The hazards, they contend, from floods, silt and other factors, are too great, the loss between the hatchery and creek too expensive. It is only under pressure that fall planting is carried on in most areas.

In Southeastern Minnesota, a trout fishermen's organization was founded last summer which strongly favored the fall planting program. This appears to be what the fishermen want, instead of the "put and take" plan operated in some spots like Dushche Creek below the Lanesboro hatchery the last few seasons where everybody got fish the opening morning and went home happy.

At one time federal hatcheries like the one operated at La Crosse

supplied considerable trout to this area. Last year the entire federal contribution in trout to all of Minnesota was only 40,000 fingerlings, none of which, to our knowledge, came into the First Congressional District.

Fall planting in Houston, Mower and Fillmore counties, other trout areas in the southeastern district, came from the Lanesboro hatchery. Here, under the supervision of Henry Hanson, suitable streams were supplied with their quota of fair-sized trout.

Next spring, throughout the whole district, there will be spring plantings before the opening of the season of trout carried through the winter in ponds and properly fed. Fishermen will be interested in comparing the size of the two plantings.

Meanwhile the debate goes on between the two groups of fishermen, those who want fall plantings and those who favor spring planting.

Modern Lighting Has Bright Future

American Builder magazine's description of the lighting in a new all-electric home gives a preview of the kind of lighting system that may be adopted generally for new homes in the near future.

Light-conditioning involves extensive use of fluorescent strip lighting, particularly in a 25-foot valance on one living room window wall. Adjustable hanging fixtures and wall brackets, plus ceiling spots, contribute to lighting which virtually eliminates any need the occupant might have for lamps. Fixtures recessed in the roof illuminate the front court. Rear terrace and driveway are floodlighted.

"Most of the lights can be operated from several locations because of the remote control wiring system. A selector switch in the master bedroom controls outdoor lights as well as those in living room, entry, kitchen, and basement."

HOME OWNERSHIP

The percentage of home owners to renters runs even higher in Canada than in the U. S. Robert P. Gerholz, former president of the National Assn. of Real Estate Boards, says 60 per cent of Canada's 3 1/2 million dwellings are owner-occupied. In the United States, 50 per cent of the nation's 32 million homes are owned by their occupants.

VOICE of the OUTDOORS

Fall Planting
Minnesota Fisheries have completed their most extensive fall planting of trout in Southeastern Minnesota history. Most suitable streams got a quota of large fingerlings from either the Lanesboro hatchery or the Crystal Springs rearing ponds.

In the above picture Bill Christianson, superintendent of the Whitewater project, is shown dipping some of the planted trout from the rearing pond at Crystal Springs. These trout are loaded in oxygen feed tank trucks and hauled by crews of the state for planting in the suitable creeks.

Brook trout, Minnesota's native fish, instead of the usual and dependable brown, were used by the state in its planting in creeks in the nearby Winona area. About two thousand of these trout were put in each of the suitable creeks in the area.

These will later be supplemented by approximately half of the 12,000 trout raised by the Winona Rod and Gun Club in three cooperative ponds this organization operates. The latter trout, mainly browns, were supplied as small fingerlings to the club by the state. The care and feed has been supplied by the sportsmen.

Pond sites, containing good springs with suitable low temperatures, are leased from land owners. The club has its own tank truck for the transportation of the fish.

The three branches of the Whitewater, the major trout streams of the southeastern corner of the state, got approximately 60,000 of these fall-planted trout. They were beautiful fish, running between three and four to the pound. With normal growth, these fish should run close to ten inches when the season opens next spring.

Fishermen who have advocated fall planting of trout contend those which survive the winter in the creeks will be wild and gamey, and will not all be caught on the opening day, as is often the case with trout planted under the "put and take" system.

From a fisheries viewpoint, fall planting has been generally disapproved by fish authorities. The hazards, they contend, from floods, silt and other factors, are too great, the loss between the hatchery and creek too expensive. It is only under pressure that fall planting is carried on in most areas.

HOME OWNERSHIP

The percentage of home owners to renters runs even higher in Canada than in the U. S. Robert P. Gerholz, former president of the National Assn. of Real Estate Boards, says 60 per cent of Canada's 3 1/2 million dwellings are owner-occupied. In the United States, 50 per cent of the nation's 32 million homes are owned by their occupants.

ELECTRIC TOOL DOs-DON'Ts

By Andrew C. Long

DO . . . remember that the ordinary woodworking bandsaw can be used for cutting metals by changing to metal-cutting blades and reducing the blade speed.

DO . . . cut down on blade breakage by selecting a blade that will allow two teeth to remain in contact with the work at all times.

DO . . . use a hardwood V-block and clamp attachment to prevent round stock from turning while it is being cut.

DO . . . place thin sheet metal on a piece of plywood while cutting it to prevent burrs from forming on the underside of the metal.

DO . . . start all cuts slowly with light pressure, gradually increasing the feeding pressure as the blade takes hold of the stock.

DO . . . use a V-block and clamp attachment when cutting round stock.

Bandsaw—For Metals

DON'T . . . forget that mechanical feeding devices are available for making a lot of long cuts in heavy, flat stock.

DON'T . . . attempt to feed a hard metal, such as steel, at a quick pace unless you want the blade to overheat.

DON'T . . . neglect the use of an 18-pitch, set blade for most general work.

DON'T . . . cut heavy stock on one of the light-duty bandsaws, which are principally for wood and small types of metal.

VALANCE HIDES LIGHT
A fluorescent tube behind a valance gives a diffused, restful light, makes a room seem bigger. The unit can be built by the homeowner, or bought from various fixture manufacturers.

CLEAN PICTURE GLASS
To clean picture glass, wash it with a lintless cloth and mild soap-suds. Rinse with clean, warm water to which ammonia has been added. Polish with a chamois.

The design of the new Canadian bank notes is being criticized on the ground that it is uninspiring. Still the critics would probably admit that it would be even less inspiring to be without any.

From a fisheries viewpoint, fall planting has been generally disapproved by fish authorities. The hazards, they contend, from floods, silt and other factors, are too great, the loss between the hatchery and creek too expensive. It is only under pressure that fall planting is carried on in most areas.

In Southeastern Minnesota, a trout fishermen's organization was founded last summer which strongly favored the fall planting program. This appears to be what the fishermen want, instead of the "put and take" plan operated in some spots like Dushche Creek below the Lanesboro hatchery the last few seasons where everybody got fish the opening morning and went home happy.

At one time federal hatcheries like the one operated at La Crosse

supplied considerable trout to this area. Last year the entire federal contribution in trout to all of Minnesota was only 40,000 fingerlings, none of which, to our knowledge, came into the First Congressional District.

Fall planting in Houston, Mower and Fillmore counties, other trout areas in the southeastern district, came from the Lanesboro hatchery. Here, under the supervision of Henry Hanson, suitable streams were supplied with their quota of fair-sized trout.

Next spring, throughout the whole district, there will be spring plantings before the opening of the season of trout carried through the winter in ponds and properly fed. Fishermen will be interested in comparing the size of the two plantings.

Meanwhile the debate goes on between the two groups of fishermen, those who want fall plantings and those who favor spring planting.

Warriors Defeated 6-0, St. Cloud Cops Title

Time Runs Out On Winona Drive

ST. CLOUD, Minn.—The Winona State Warriors saw their undefeated string broken and their hopes for the championship of the Minnesota State Teachers College Conference lost when they went down to defeat at the hands of St. Cloud State Teachers College 6-0 here Saturday night.

It marked the fourth consecutive year that St. Cloud has either won or shared in the conference title.

St. Cloud broke the 0-0 deadlock with slightly more than four minutes remaining in the ball game. The Warriors then took over and marched all the way to the St. Cloud six-inch line, but ran out of time.

It was a hard fought game all the way, with St. Cloud gaining a definite edge in the statistics. The Huskies threatened several times, but the Warriors held, and then came back with a threat of their own.

Early in the second quarter St. Cloud had the Warriors deep in their own territory with a punt. With third down and better than ten yards to go, the Warriors went into punt formation with Jerry Grebin back in the kicking position.

But Grebin ran with the ball, starting on his own two-yard line and advancing to the St. Cloud 48 before he was pulled down trying to get around the Huskie safety man. The Warriors failed to gain after that, and the threat was ended.

Scoreless First Half

That was Winona's only bid in the first half, as they could manage to rack up only three first downs.

St. Cloud piled up eight first downs in the first half, and penetrated as far as the Warrior 20-yard line before being stopped.

In the third quarter, St. Cloud threatened, but was halted by a fumble. The Warriors held the Huskies for check for the rest of that quarter, and staged a drive of their own toward the end of the period.

Jerry Seeman pitched to Toney Burkard for a 20-yard gain, which put the ball on the Huskie 35-yard line. On the next play, however, a Warrior pass was intercepted, and the drive came to an abrupt halt.

St. Cloud took over at the start of the fourth period, and marched some 60 yards to its touchdown. Halfbacks Don Cash and Jerry Reichel alternated at running the ball, with Cash running up one gain of 15 yards, and Reichel another of 12 yards for the largest gains in the drive.

Touchdown Pass

After Cash's run of 15 yards, quarterback Bob Kosel ran a keeper play for two yards making it second down and seven yards to go for the touchdown. Kosel came up with the element of surprise at the point, and pitched a pass to Reichel, the end of the game breaking score was wide.

Following the kick-off, the Warriors ran a running play to no avail, but then halfback Dick Larson threw a running pass to Burkard good for 15 yards and a first down. Grebin lost three yards on the next play, and then Seeman's pass to Bill Christopherson was too long.

But, Larson came back with the running pass, and again connected with Burkard, who in turn lateral to Grebin and the play covered 15 more yards. A running play lost one yard, and then Seeman connected with Grebin for nine yards.

The running pass failed, and with less than half a minute to play Grebin ran a reverse to the three yard line and a first down. A measurement was called, and the Warriors had time for only one more play.

Larson ran with the ball on the final play of the game on what looked like the running pass. But he suddenly cut in and drove for the goal line. He was hit from the side and knocked down hard, the ball coming to rest within one foot of the goal as the final whistle sounded.

St. Mary's Next

The Warriors' next game will be against St. Mary's College in the annual intra-city clash of the two schools. The game will be Saturday night at Maxwell Field. Following that, the Warriors will finish out their season the following Saturday at Eau Claire Wis., when they meet the Eau Claire State College team.

BUCKEYES BLAST BADGERS . . . Hubert Bobo (42), Ohio State fullback, busts Wisconsin's defenses picking up six yards for a first down before Wisconsin's center Gary Messner (54)

brings him to a halt. The Buckeyes scored three touchdowns in seven minutes in the fourth quarter before 82,436 fans at Columbus as Ohio State dimmed the Badgers Rose Bowl hopes, 31-14.

We'll Play Good Football Again, Says Coach Warmath

MINNEAPOLIS (U)—Minnesota dug out from the Michigan avalanche today and met no hysteria from Coach Murray Warmath. Warmath was doing some digging himself. The 34-0 plastering Saturday was the first shutout of his coaching career. The Minnesota coach wasn't trying any minute probing. There isn't much you can analyze about a landslide. But he did observe: "We had a bad day and took a wallop. I don't think Minnesota is that bad or Michigan that good over the long haul. But on Saturday Michigan must have been the greatest team in the country."

COCHRAN GETS THREE . . . BRATTON MEETS VARONA TONIGHT

NEW YORK (U)—Johnny Bratton, who has been in drydock since he was suspended for a lackadaisical performance against Johnny Saxton at Philadelphia Feb. 24, gets back to work tonight at New York's St. Nicholas Arena against Chicago Varona of Havana.

Bratton blames his Philadelphia trouble on Saxton, whom he describes as "the fightingless fighter I ever encountered," according to Willie Gilzenberg's press release. After watching Saxton win the title from Kid Gavilan last Wednesday, who can say Bratton is wrong? Carmelo Costa, unbeaten Brooklyn featherweight, tops the card at Brooklyn's Eastern Parkway tonight against Rudy Garcia of Los Angeles. Costa answered some of the questions that had been asked about him when he shook off Gene Smith's solid punches and came on to win in his last start.

In 26 pro bouts, Costa has 23 victories and 3 draws. Garcia won the California feather crown in his last start, beating Al Cruz. The bout will be carried on ABC television.

Southern Cal, Ohio State Top Rose Bowl Contenders

By ED WILKS
The Associated Press

With the annoying smog blown out to sea, the air over Los Angeles was diffused with the scent of roses today and unless the air around the Scioto River is especially heavy, you could smell the same aroma in Columbus, Ohio.

It may be only the last week in October elsewhere, but in those two spots it's Jan. 1, 1955, and Southern California and Ohio State, a pair of upstarts in the Pacific Coast and Big Ten conferences, are battling in the Rose Bowl.

The Trojans and the Buckeyes got past big threats this past weekend to remain unbeaten in their leagues. And at this stage of the season, that's enough to start the bowl dreams.

After surprising California 29-27 last Saturday, Southern Cal now needs only a form performance against Oregon State, Stanford and Washington in conference play. The Trojans then wind up against UCLA, the big, bad defending PCC champs—but they need only finish as the runner-up in the favored Uclans, who can't return to the Rose Bowl, to gain the New Year's Day date.

Southern Cal gets started on the last lap this Saturday against Oregon State, which was mauled by UCLA, the nation's No. 3 team, 61-0.

Ohio State, which beat California 17-14 in the 1950 Rose Bowl, met out of its dark horse role last weekend by beating previously undefeated and second-ranked Wisconsin 31-14. For a return to the Pasadena classic, the fourth-ranked Buckeyes now must dispose of Northwestern, a suspected patsy; Purdue, a possible upsetter; and Michigan, a bonafide challenger. Northwestern, beaten by Pitt 14-7 last weekend, opposes Ohio State this Saturday.

Once-beaten Michigan made it a two-team race in the Big Ten with its 34-0 rout of Minnesota, previously unbeaten and No. 8 in the nation. The Wolverines take on Indiana this Saturday on the way to

New Owners of A's Seek O.K. From League

PHILADELPHIA (U)—A representative of the new owners of the Philadelphia Athletics left for Chicago today to seek American League approval of the four-million-dollar deal which prevented transfer of the A's to Kansas City. The agreement transferring ownership of the team from the Mack family to an eight-man syndicate was completed early today when Roy Mack signed the legal document. His brother, Barney Mack, just before him. The brothers also signed for their father Connie. Atty. Alfred Luongo said he would present the agreement to League President William Hargrave today. It was expected Hargrave would be asked to make a telephone check of the other club owners in the league for their assent.

The Wolves were stopped on the Minnesota 1 in their first overtime but sent Tony Brannoff over on their second drive. Brannoff led a second march when Fred Baer scored from 4 yards out to give Michigan a 14-0 halftime lead.

Baer got another score in the third period to snuff out any thought of a Minnesota comeback. Danny Cline ran 22 yards for the fourth touchdown and passed 19 yards to end Ron Kramer for the fifth.

Minnesota's offense almost was unnoticed. The Gophers managed only 43 yards on the ground and needed a long pass play in the final seconds to get as far as the Michigan 27.

Thus the old worries about Michigan State were being exhumed quickly today. The Spartans have lost four of five, but all to major competition and even now probably rate ahead of Minnesota, despite the Gophers' splendid start.

Baseball Annual Meeting Tonight

The annual meeting of the Winona Baseball Association will be held tonight at 7:30 o'clock at the Elks Club. Representatives of the 23 sponsoring organizations comprising the baseball association are urged to attend.

Plans for the coming season will be announced by members of the board of directors. An important item on the agenda of tonight's program will be amending the constitution and bringing the by-laws up to date.

A spokesman for the board of directors said the nine-man body would meet in the very near future to elect permanent officers.

what may be a winner-take-all showdown with Ohio State Nov. 20.

The Cotton Bowl also apparently will have an unexpected entry New Year's Day now in Arkansas. The Razorbacks, No. 7 nationally, added to their unbeaten record with a clear-cut 6-0 success over fifth-ranked Mississippi.

The Razorbacks will be trying for their fourth Southwest Conference victory against Texas A&M Saturday. Then only Rice and SMU

would stand between Arkansas and the bowl bid.

Oklahoma, the nation's No. 1 team, plays the once-ambitious Colorado Buffaloes this Saturday after taking it easy against fellow Big Seven member Kansas State 21-0 last weekend. The Buffs, hopeful of an upset in the Big Seven, were upset themselves and bowed to Nebraska 20-6.

UCLA has California on the list this Saturday.

Bowling at Athletic Club Postponed

Bowling at the Athletic Club will be postponed until further notice, it was announced today by Henry Muras, Athletic Club president.

Moisture underneath the al- loys has resulted in a swelling of the boards, Muras said. He added that experts will be here to determine what steps should be taken to get the alleys back in shape.

"We hope to start as soon as possible," Muras said, "may be within a week or so. The seasons of our leagues will just have to be extended."

Moisture damage to the al- loys came after firemen battled the blaze which broke out Saturday morning at the Athletic Club.

Bowling Clinic By Billy Sixty

By BILLY SIXTY
WRIST TURN, FINGER LIFT

Appearances Deceptive—The average bowler, watching such stars as Steve Nagy, Buddy Bonar, or Ned Day in action, is likely to decide they are spinning the ball with a tremendous twist of the wrist. Actually, it is arm action and finger lift they are using. Watch the expert again and concentrate on his arm during the swing. The arm finishes straight out in a line between the right shoulder and the right eye. The elbow breaks upward only after the ball has been released. The delivery is accomplished with a free swinging motion. The fingers are made to do an important share of the work as the hand finishes in the proper position with relation to the right shoulder. One learned, the lift becomes natural and smooth, but it is a good idea for beginners first to concentrate on arm reach and follow-through for control. The lift is the next easy and natural step. The sketch of Steve Nagy of Cleveland demonstrates classic delivery form.

Del Flanagan to Fight Wednesday

SAN FRANCISCO (U)—Del Flanagan, No. 2 contender for Johnny Saxton's title behind Carmen Basilio, gets a chance to help himself in the Wednesday show at San Francisco against young Maurice Harper of Oakland.

Flanagan is one of two men to hold decisions over Saxton while Harper has won 21 of 24 starts in his brief career.

Second baseman Bobby Avila figured in the scoring of 164 runs for Cleveland. During the World Series he failed to drive in a run and scored only once.

Easy Pickings For Michigan And Ohio State

CHICAGO (U)—Ohio State and Michigan, current leaders in the Big Ten, come up against "easy pickings" Saturday while Purdue, Wisconsin and Minnesota try to maintain their slim title hopes against the also rans.

Ohio State climbed over the hump Saturday by beating Wisconsin 31-14. Not only did the Buckeyes push aside the top contender but they also notched their fourth conference triumph without defeat.

This leaves Ohio State with only three Big Ten games and Northwestern, a team which hasn't won a conference game since 1952, is next.

Michigan, defeated only by Army and 34-0 victor over Minnesota, is at Indiana. The Hoosiers have but one victory this season and that was over College of Pacific.

Illinois is at Purdue, Wisconsin at Iowa and Michigan State at Minnesota, rounding out a full conference schedule.

While Ohio State and Michigan must wait until the final Saturday of the season for a showdown, assuming such is the case, Wisconsin, Purdue and Minnesota remain the only teams with a chance for the crown.

Illinois finally won a game by swamping Syracuse 34-6, and could give pass-minded Purdue trouble. Wisconsin's high flying praised defense fell victim to Ohio State's determined attack and is in for another rough afternoon against Iowa.

Minnesota, ranked among the nation's top teams last week, hopes to regain some of its prestige against Michigan State. To do so, the Gophers will have to hand Michigan State its fifth defeat of the season. No Spartan team has suffered five setbacks since the 1946 aggregation which split even in 10 games.

Carleton Drubs Grinnell, 16-6

By THE ASSOCIATED PRESS
Wisconsin's two winners of the Midwest Football Conference, Lawrence and Ripon, met at the Appleton school Saturday and the Vikes kept alive their title hopes on the basis of a 27-0 victory.

Lawrence scored first in the 52nd annual renewal of the series after it recovered a Ripon fumble on the Redmen's 27. Johnny Gunn lach went over four plays later and also kicked the extra point.

Dick Rine scored the next two Lawrence touchdowns and also kicked the points. Then Gundlach raced 51 yards early in the third period for the final score of the day. The victory was the fourth straight for Lawrence against one loss.

Carleton took a tighter hold on the flag by pasting winless Grinnell, 16-6.

BOTTOMS UP . . . It would appear that Louisville Xavier's Len Mudd Jr., is trying to catch the football with his legs, then head goalward on his hands, in the game at Louisville Saturday. Actually, the "bottoms up" routine came about

when Mudd knocked down a pass and collided with Frank Weyer Jr., of Roger Bacon of Cincinnati (71). Getting a closeup of the gyrations is Richard Mueller of Roger Bacon. St. Xavier won, 20-14. (AP Wirephoto)

San Francisco Only Unbeaten Pro League '11'

By JOE REICHLER
The Associated Press

San Francisco's power-packed 49ers owned a triple distinction today:

1. They are the only undefeated eleven in the National Football League.
2. They are in undisputed possession of first place in the Western Division for the first time this season.
3. They are the only team to defeat the defending champion Detroit Lions in nearly a year.

The 49ers ground out a thrilling 37-31 victory yesterday that jarred the Lions out of the lead and into second place.

An overflow crowd of 59,600 that jammed San Francisco's Kezar Stadium cheered itself hoarse as the 49ers burst into a 17-0 lead in the first quarter and never were headed although they had to stave off a desperate last-period rally by Detroit.

Y. A. Tittle, quarterbacking with a cast on his broken left hand, and fullback Hugh McElhenny, running like an unbroken colt, led the 49ers to victory.

Tittle passed for two touchdowns and McElhenny reeled off runs of 60 and 34 yards to snap Detroit's 10-game winning streak.

It was a great afternoon for quarterbacks, especially for veterans Charlie Conerly, Otto Graham and George Blanda. Conerly, enjoying his best of seven professional seasons with New York, literally tossed the Giants into a three-way tie for first place in the Eastern Division.

Chuckie Charlie passed for three touchdowns in a 24-7 triumph over Washington's hapless Redskins.

Pittsburgh made the three-way tie possible Saturday night, defeating the Eagles 17-7 on the passing of Jim Finks and the running of Lynn Chandonis.

Graham passed to a touchdown and scored two more while leading Cleveland to its 10th straight victory over the Chicago Cardinals 35-3.

High-powered running by Paul (Tank) Younger and Dan Towler offset a tremendous one-man show by Chicago's Blanda and spearheaded the Rams to a free-scoring 42-38 victory over the Bears.

Blanda completed 28 aeriels for 323 yards and hurling four of Chicago's five touchdowns.

A recovered fumble in the third period set up a Green Bay touchdown that gave the Packers a 7-6 triumph over the Baltimore Orioles.

Warner sparked the 45-yard drive for the touchdown with runs of 19 and 14 yards, going the final two yards on a plunge. Husse ran around end for the extra point.

St. Mary's got inside the Duluth 10-yard line twice in the final quarter but both bids were fumbled. A 15-yard penalty nullified another Redmen drive that got as far as the Duluth 17-yard line.

Duluth's next and final touchdown in the third period was set up after a pass by St. Mary's Jim Rickels was intercepted by Warner and returned to the St. Mary's 42-yard line.

Warner sparked the 45-yard drive for the touchdown with runs of 19 and 14 yards, going the final two yards on a plunge. Husse ran around end for the extra point.

St. Mary's got inside the Duluth 10-yard line twice in the final quarter but both bids were fumbled. A 15-yard penalty nullified another Redmen drive that got as far as the Duluth 17-yard line.

Duluth's next and final touchdown in the third period was set up after a pass by St. Mary's Jim Rickels was intercepted by Warner and returned to the St. Mary's 42-yard line.

Warner sparked the 45-yard drive for the touchdown with runs of 19 and 14 yards, going the final two yards on a plunge. Husse ran around end for the extra point.

SPORTS ROUNDUP

Robinson Set on Trying Comeback

By GAYLE TALBOT
NEW YORK (AP)—Close friends have been unable thus far to dissuade Sugar Ray Robinson from attempting to make a ring comeback after two years on the tap-dancing circuit.

The once-great fighter who retired as middleweight champion in December 1952 is in training and declares he is serious about winning back the 160-pound title.

Many who saw Robinson at his unbeatable best back in the middle '40s cherish the memory and wish that he would not subject them to the same pain that Joe

Louis did when he returned a few years ago a blubbery caricature of his former self to be pounded out of shape by the likes of Ezzard Charles, who wouldn't have lasted three rounds with Louis at his peak.

The suggestion we are about to make is that Robinson get himself a copy of the films of the Johnny Saxton-Kid Gavilan thing in Philadelphia last week and play it a few times after he has finished his training chores. We would suggest that he pay particular attention to the inept performance of Gavilan, who five years ago was good enough to give him, Robinson, a fairly tight tussle for the welterweight crown.

He will see that the Cuban, though only 28 by the record book, is no better than a shadow of the one they used to call the Hawk. He will see that, after six months of doing nothing more strenuous than the rumba, Gavilan was afraid to open up and really fight Saxton until the closing rounds lest his legs give out on him. That seems the only possible explanation of his failure to make a more valiant effort to protect his title against the home town decision that he feared.

If Gavilan is that far over the hill at 28, Robinson can well wonder what his chances would be of going 15 grueling rounds with such a relentless puncher as Bobo Olson, who succeeded him as middleweight king. The Sugar Boy says he is 32, the book credits him with 34 years and you probably would be safe in splitting the difference.

Judy Jeffries, New Zealand, and Rolf Gerlach, West Berlin, were given U.N. flags and posters were used for decoration. Mrs. P. Earl Schwaab, Winona Central Methodist, was in charge of the program.

Young from Winona Central and McKinley, Hokah, Caledonia, La Crescent, Eyota, Dover, Money Creek, Wilcox, Ridgeway, Kellogg, Weaver, and St. Charles, attended. Members of the student panel were Delvan Boardman, Scott Streeter, Joyce Morcom and Kay Pickart, Winona Central, and the two foreign students. The Hokah MYF group led worship based on the theme, "Who Is My Brother?"

There were 12 junior high school youth from McKinley and 25 from Central.

Leaders of 4-H clubs of Winona County will be honored at a banquet at the Winona YMCA at 7:30 p.m. Wednesday.

Junior and senior leaders together with Winona Association of Commerce committeemen will dine, be entertained and receive annual awards. Reservations must be made by Tuesday, George Robertson, chairman of the A. of C. Agriculture committee, is assisting with arrangements.

PEPIN, Wis. (Special)—Officers recently elected by the Immanuel Lutheran Church are Berthel Nelson, president; Louis Baril, financial secretary; Eldon Mercer, deacon for three years, and LaVern Elberg, trustee for three years. Meetings will be held Friday evenings instead of Wednesday evenings.

Elected by the women's group were Mrs. E. W. Schlueter, president; Mrs. LaVern Elberg, vice president; Mrs. Wesley Miller, secretary, and Mrs. Robert Jahnke, treasurer. The next meeting will be Nov. 3 at the Annex.

The Martha Group will meet Nov. 10. At the meeting of the Dorcas group recently, Mrs. Walter Schultheiss was re-elected president, and Mrs. Charles Glass, treasurer, re-elected secretary. The thanksgiving meeting will be held in connection with the Nov. 3 meeting.

The annual luteisk and ham supper will be Nov. 17, starting at 5 p.m.

BLACK RIVER FALLS, Wis. (Special)—E. William Streitz, Merrillan, was convicted of assaulting a Black River Falls woman by Justice I. S. Hollenbeck, Friday.

Streitz, who was defended by Carlisle Skoles, is married and the father of four children, and pleaded not guilty to the charge. He is employed as a house-to-house brush salesman, District Attorney Louis Drecktrah, prosecuting attorney, stated that the incident occurred in the young woman's apartment Oct. 7, 1954. Jurors Chris Olson, Lawrence Jones, Philip Monson, Gerhardt Waarvik, Rufus Dimmick and Frank Kubina found Streitz guilty and he was ordered to pay a fine of \$50 and costs.

PLAINVIEW LUTHERANS (Special)—Carroll Peter, teacher in the Elgin Lutheran Parochial School, led the topic study at a Lutheran Layman's League meeting at Immanuel Church last week. Lunch was served.

Jury Finds Merrillan Man Guilty of Assault

Third Rebellion At Missouri Prison in Month

JEFFERSON CITY, Mo. (AP)—Officials maintained a tight disciplinary clamp over convicts at the Missouri State Penitentiary today after the third mass rebellion in a month.

In the latest outbreak — a food riot Saturday — one prisoner was killed and 37 injured.

Warden Ralph N. Eidson told reporters that "all is calm" now and the men seem relaxed, but he added, "Just one silly kid could set off a new rampage in the dining room."

The riot started in a dining room where 500 to 600 inmates were being fed. A guard reported one convict, apparently objecting to bologna sandwiches, yelled "Flat dog." Others took up the cry and began tossing their plates and food on the floor.

Guards fired on the convicts after they ran out into the prison yard.

All privileges have been taken from the 3,000 inmates. Radios, newspapers and magazines are banned. They also were without yard and recreational freedom yesterday.

Meanwhile, Gov. Phil M. Donnelly and prison officials intensified their study of the state penal system.

The governor is trying to set up a commission to survey the entire Missouri setup.

Work was started on it after the most disastrous riot in the prison's history occurred last Sept. 22. Four prisoners were killed and 30 men injured. Another rebellion Friday was quelled without casualties.

None of the convicts injured Saturday was reported in serious condition.

AT HEALTH MEETING
Brother H. Charles, F.S.C., head of the department of biology at St. Mary's College, is attending the American College Health meeting at Luther College, Decorah, Iowa, today and Tuesday.

Beet sugar was developed during the blockade of Europe during the Napoleonic Wars when Napoleon offered a large prize for the development of a domestic source of sugar.

Class Officers Elected At Pepin High School

PEPIN, Wis. (Special)—Class officers elected at Pepin High School last week include:

Senior — Ronnie Anderson, president; Beverly Nelson, vice president; June Orne, secretary, and Vaughn Halling, treasurer.

Junior — Ronnie Lecander, president; Donna Kidd, vice president; Eleanor Sandberg, secretary, and Jackie Linger, treasurer.

Sophomore — Donna Julot, president; Joyce Anderson, vice president; Elaine Becknell, secretary and Phyllis Wocklund, treasurer.

Freshman — Richard Longsdorf, president; Sandra Olson, vice president; Crissey Jensen, secretary and David Britton, treasurer.

SHATTUCK, St. Thomas New ROTC Members

WASHINGTON (AP)—The Army announced today the establishment of a schools division of the Reserve Officers Training Corps (ROTC) with membership limited to 8 junior colleges and 34 military institutes. The new system will go into effect in the 1955-56 school year.

The schools in the program include Shattuck School, Faribault, Minn.; and St. Thomas Military Academy, St. Paul, Minn.

Today's announcement marked a partial reversal of an Army decision last year which would have limited military training leading to a commission to men in four-year, senior colleges. The revised program entitles a man to a reserve commission if he completes six years' training in preparatory school and junior college, then goes on to get a college degree.

Duluth Hands St. Mary's Sixth Straight Loss 27-6

DULUTH, Minn. —The University of Minnesota, Duluth Branch variety, churned to a 27-6 decision over St. Mary's College of Winona here Saturday night in a Minnesota College Conference game.

It was the fourth straight conference victory for the Duluth Bulldogs and St. Mary's sixth consecutive defeat.

Duluth ground out 229 yards in the first period and once in the

Hartley Case Still Puzzle After a Year

LA CROSSE, Wis. (AP) — What happened to Evelyn Hartley?

A year ago today this Mississippi River city was rocking with the news that the 15-year-old daughter of a college professor had disappeared while on a baby-sitting assignment.

Today police still are baffled by the strange case. They had been unable to turn up any tangible trace of the girl or of whoever carried or dragged her from a modest home on the moonlight night of Oct. 24 just about the time the football teams of La Crosse and River Falls State Colleges were kicking off in a homecoming game.

Still Working on Case

Police Chief George Long, who took charge of the case, said his department still was working on it day and night. The La Crosse County crime investigator, A. M. Josephson, who came into the affair last spring, said he was putting in 12 to 14 hours daily. The sheriff's department was helping, so was Dist. Atty. John Crossland and his assistant, Phil Arnold.

But still there was nothing to show what happened that night in the home of Viggo Rasmussen, a fellow faculty member of Evelyn's father, Dr. Richard Hartley, at La Crosse State.

Briefly, this is what the investigators know happened on that Saturday night:

Evelyn, who hadn't wanted the assignment as a baby-sitter for the Rasmussens so they could attend the football game. She was instructed by her parents to telephone home frequently during the evening, just to make sure everything was all right.

The Rasmussens left for the game about 7 p.m. Some hours later Evelyn's father realized she hadn't called. He tried to telephone her, but there was no answer. He called several Rasmussen neighbors, was told the lights were on in the home. He tried again to call her. Then, worried, drove to the house himself.

Found Doors Locked

The doors were locked, he told police. The lights were burning in the window shades up, and he could hear an entrance through a basement window, on which he said a screen was ajar. On the floor he found one of Evelyn's shoes. Upstairs in the living room was the other. Her glasses were beside a chair, along with a book.

Police, on their arrival, found definite signs of a struggle near the open basement window. Footprints, made by a tennis shoe, were away from the door.

At a handprint on a neighbor's house, but all signs vanished two blocks away, where investigators assume the girl was put into an automobile.

That, basically, is all that the authorities know to this day. Lots of clues were turned in during the hectic days immediately following the incident — tennis shoes, bloody clothing both male and female, hundreds of things.

The miles and miles of coule country around La Crosse have been covered by thousands of searchers. The banks of the Mississippi and its tributaries have been combed. Hundreds and hundreds of persons, including Evelyn's classmates and teachers at La Crosse Central High School, have undergone lie detector tests.

But no one knows, one year later, what happened to Evelyn Hartley. And even today it's not easy in La Crosse to get a baby sitter.

Los Angeles Smog Gone But Dispute Over Cause Remains

LOS ANGELES (AP) — Welcome winds have whisked away the smog but have failed to clear up the down-to-earth dispute which the eye-stinging stuff touched off.

Director Gordon Larson of the County Air Pollution Control District Sunday night labeled Supervisor Herbert Legg's suggestion that the resign as a "political maneuver."

The county grand jury mapped final plans for a full-dress inquiry into the smog situation Tuesday.

Gov. Goodwin Knight, who had urged oil refineries to shut down to test their effect on the smog, said Sunday night "obviously there is no point in such a shutdown during a period of smog-free days."

However, he advised the oil companies to be prepared to close down during the next smog attack.

The refineries rejected his first close-down appeal.

The Weather Bureau said the skies may be clear for several days. The recent smog attack lasted 18 days.

Sheppard Jury Members Face 1st Challenges

CLEVELAND (AP) — New jousting over a jury starts in the Sheppard murder trial today with both sides prepared to hurl the first of their six peremptory challenges.

A challenge against any of the 12 jurors tentatively seated automatically removes him from the panel. No reason for the challenge is necessary.

As soon as a juror is knocked out of the box, his place is filled again before further challenging commences. When the challenges have been exhausted or the prosecution and defense indicate satisfaction with the jury, an alternate juror is named.

Each side then has two more challenges to use against the alternate.

Another trial week could be consumed in the tedious sparring and Asst. County Prosecutor John J. Mahon said he believed it would be Friday afternoon before the jury is complete.

Dr. Samuel H. Sheppard, the 30-year-old defendant, is charged with first degree murder, accused of hacking to death his wife, Marilyn, 31, in their lakefront home last July 4.

Bjornson Gets Capehart's Help In Senate Race

By THE ASSOCIATED PRESS

Out-of-state reinforcements entered Minnesota today to aid the Republicans in their battle to unseat Sen. Hubert Humphrey (D-Minn.) even as Humphrey expressed confidence his party would control the new Congress.

Flying to Minneapolis today for a GOP-sponsored television address was Sen. Capehart (R-Ind.), chairman of the Senate Banking and Currency Committee which is investigating Federal Housing Administration scandals.

In his television speech tonight, the Indian will plug the candidacy of State Treasurer Val Bjornson, the GOP's candidate for senator. Capehart said the FHA scandal is a "real and genuine issue in any campaign in which a New Deal senator (Humphrey) is asking the people to return him to office."

Humphrey, meanwhile, charged Republicans have chosen to ignore a "mess of their own making." He said Democrats will control the new Congress and will hold public hearings to "thoroughly ventilate and fumigate" the Dixon-Yates power contract.

With the general election only eight days away, political activity moved into full gear as candidates made their last drives for votes.

P. Kenneth Peterson, Republican candidate for lieutenant governor, said in a radio talk today that American voters have a "strong and firm prejudice against self-seeking politicians who leap into the race for high political office without experience or wisdom."

Continuing, Peterson said this prejudice alone will be enough to defeat the Democratic-Farmer-Labor candidate for governor, Orville Freeman. Peterson said the DFL nominee has devoted his "entire brief adult career" to "grasping for jobs that are too big for him."

Addressing an audience in Zumbrota Sunday, Freeman said all groups within a country's economy must earn a decent living if the entire country is to prosper.

He said the need for immediate action was pointed up when a western Minnesota farmer told him last week how he never just sold a case of eggs for five cents less than he had to pay for a haircut.

Rep. Harold Hagen (R-Minn.), seeking re-election in the 9th District, today defended the tax cut bill passed by the last Congress. He said it cut everyone's income taxes at least 10 per cent.

Bjornson, stumping in Jackson County Sunday, said the French-German Saar agreement is largely due to the confidence the nations of Europe have in leadership of the United States. He saw in the agreement proof the Eisenhower administration "has overcome the loss of prestige resulting from the Truman New Deal policies."

SAIGON, Indochina (AP) — About 15,000 Vietnamese Roman Catholics escaped to freedom from Communist-dominated North Indochina today by heading to sea in a tattered fleet of small rafts and junkies.

The mass break began yesterday from the tiny coastal fishing village of Van Ly, close to the Catholic center of Bul Chu and Phat Dien in the south of the Tonkin delta. The move was prompted by the appearance of a small fleet of French naval vessels outside the French-Indochina limit.

Flying the white and yellow papal flag, the refugees carried their wretched household goods and even a few water buffalo in their wretched rafts.

French naval units, working around the clock, picked them up as soon as their overcrowded craft crossed the three-mile limit. The Jules Verne, a former submarine tender, and another French ship took many aboard. Two American-donated LSMs loaded 1,300 each.

The refugees were left behind during the French withdrawal from the southern delta just before the Indochina armistice last summer. Their exodus followed Vietnam's partition into North and South Vietnam.

The French in North Indochina against their will.

Londoner Loathes Texas Tightwads

LONDON (AP) — Writing from Dallas, a London columnist said his initial impression of Texas and Texans is a very poor one.

"I hate my first sight of them," said Rex North, of the Sunday Pictorial, which claims a circulation of over 5 million. He listed his objections to the Lone Star state and its citizens as:

Having to pay in advance for a hotel room.

Having to pay in advance for local telephone calls from his hotel.

The lack of cowboys. He said the only one he found was sitting in an air conditioned bar.

Air Force C47 Feared Down In French Alps

NICE, France (AP) — French police said today a U.S. Air Force C47 missing on a flight between Rome and Lyon, France, may have crashed in the snow-covered French Alps. The plane carried 16 passengers and a crew of five.

Police here said the throbbing of a plane's engines followed by a explosion was heard last night in Pierlas and Peone, two French Alps towns about 30 miles north of Nice. Officers began a search of the area this morning.

The C47 earlier was reported missing over the Mediterranean and an aerial search was begun in weather described as "downright prohibitive."

All 21 persons aboard the craft were believed to be military personnel. The plane was based at Manston, England. Names of those aboard were withheld.

'Can't Testify Now,' Watkins Tells McCarthy

WASHINGTON (AP) — Sen. Watkins (R-Utah) says he will not be able to comply with a request from Sen. McCarthy (R-Wis) to testify within the next two weeks about who was "culpable" in the Peress case.

Watkins is chairman of the special six-man Senate committee which recommended on Sept. 27 that McCarthy be censured by the full Senate at a special session called for two weeks from today.

One of the counts on which censure was recommended was an accusation that McCarthy was guilty of inexcusable conduct in his questioning of Brig. Gen. Ralph W. Zwicker, a decorated World War II hero.

At a New York hearing of his investigations subcommittee last February, McCarthy questioned Zwicker about the promotion and honorable discharge given to Maj. Irving Peress, a New York dentist described by McCarthy as a "Fifth Amendment Communist."

Tito Says Red Foreign Policy Has Shifted

BELGRADE, Yugoslavia (AP) — President Tito said today he thinks Soviet foreign policy has shifted considerably of late and that this shift contributes to a lessening of world tension.

He told Yugoslavia's Parliament Moscow's policy now differs greatly from that of the recent past, "which had negative consequences."

He proposed that world powers use the opportunity thus created to ease strained relations.

Tito cited the Soviet Union's favorable attitude to the Trieste settlement, dividing that free territory between Italy and Yugoslavia, as one "gesture aimed at lessening tension."

The Parliament, in joint session, unanimously approved the settlement of the 10-year-old dispute over the future of the territory and endorsed the government's handling of other foreign affairs.

DENNIS THE MENACE

LAFF-A-DAY

LET'S EXPLORE YOUR MIND

By ALBERT EDWARD WICOM, D. S.

Answer to Question No. 1
1. True. Dr. Carl T. Javert, Cornell University, studied 100 women who had expected babies 420 times, but only 15 of the babies were born alive. After giving the same mothers mental treatment for fears and worries, out of 120 expectancies, 113 were happily successful.

Answer to Question No. 2
2. Yes. "The Stomach Digest" and the "Stomach Ulcer Broadcasts" constantly warn us of "acid indigestion," until many people are afraid to eat. Acid indigestion is a problem for medical doctors, but these warnings are making it also a problem for psychologists and psychiatrists. See your doctor first.

Answer to Question No. 3
3. Probably intelligence more in getting a job. But employers agree that your attitudes, habits, and emotions affect your success or failure more in keeping it. Worries, getting along with boss and fellows, inferiorities, etc., sap your energies and increase accidents. Our booklet, "How To Be Popular," will help you keep your job. Nonprofit, 15c (coin only) plus self-addressed, stamped envelope.

Man Steals Town's Only Fire Engine

TOWNSEND, Mass. (AP)—Thomas Walker, 21, today was accused of larceny—the larceny of a 14-ton, bright red fire engine.

The town's only engine was taken yesterday, its bells clanging and siren screaming, from the fire station.

Fire Chief Daniel Ormsby heard the engine and called police when he learned it wasn't headed to a fire.

After a four-hour search police found the fire engine deep in woods in nearby Ashby.

Walker was arrested in a house not far away.

Guy Madison to Wed Television Actress

HOLLYWOOD (AP)—Actor Guy Madison, 32, says that he and television actress Sheila Connolly, 24, will be married tomorrow in Juarez, Mexico, minutes after he obtains a Mexican divorce from Gail Russell.

Miss Russell, also an actress, signed a waiver permitting the actor to obtain the Mexican divorce. He obtained an interlocutory California decree Oct. 6, but it won't become final for a year.

Very bran muffins by adding walnuts, pecans, raisins or dates to them.

LOOKING AT LIFE

By ERICH BRANDEIS

There is a fairly new song out which you hear everywhere you go. It is called "Little Things Mean a Lot," and tells all about a girl who doesn't care for diamonds and pearls because they cost only money; and what is money, after all?

At least that is what the song says and, perhaps, the only reason money is mentioned is because the author of the lyrics had to find a rhyme with "honey."

Which reminds me of a cartoon I saw the other day showing two scantily dressed chorus girls. One of them says to the other, "Well, I can tell you one thing happiness can't buy." "What can't happiness buy?" asks the other one. "Money," replies the first.

If so far this column doesn't seem to make much sense, let me explain.

A few days ago the Belgian government presented the United Nations with a beautiful tapestry, to be hung in the delegates' entrance to the General Assembly Building.

The tapestry is really very beautiful. It depicts Mother Earth, representing the United Nations, stopping a fight between groups of men. In the center doves of peace fly around a Fountain of Good Will.

But in sending out the story of the magnificent gift, this is how they described it. "It measures 43½ feet by 28½ feet, weighs 300 pounds and contains 94,000 miles of yarn."

Fourteen men worked a year to make the tapestry, whose wool and jute were stretched four times around the Equator. The designer won a nationwide contest among more than 100 artists.

This description is so typical of so many things that happen in the United Nations and in other high places. Figures. Statistics. Big-

ness. Words. Will that ever bring peace? Or is it the idea behind all the verbose balderdash that will eventually make us come to our senses?

There was also an item about a reception at which Mayor Wagner of New York was host to some 1,200 persons at the Waldorf Astoria, half of them from the United Nations.

The story did not say anything about how well all these different nationalities got along; how friendly they were; how easy it seemed for them to find a common meeting ground.

No, it told about an elaborate assortment of special dishes that were served at the buffet. It told of the 20 kinds of appetizers, three salads, four entrees, cheeses, fruits and sweets, as well as coffee and liqueurs.

"Among the dishes offered were Egyptian gratin of lamb, French pate de foie gras en croustie, Flemish carbonade of beef with small dumplings, and Russian vegetable salad."

"Natives (which means Americans, I suppose), were reassured with old-fashioned black bean soup."

In Athens, Irene, the daughter of Zeus and Themis, was worshipped as the goddess of peace. She was represented in art as a maiden holding a cornucopia in her left arm and an olive branch in her right.

It seems to me that a carton of bicarbonate of soda in at least one of her arms might be more appropriate if Irene were our goddess of peace today.

Sugar cane was being grown in Hawaii when the islands were discovered by the Western World and scientists believe the Polynesians carried it there from Asia.
